400 DIE IN TWO MINE DISASTERS

THIRD WIFE SUES NO. FOUR

Only Woman Railroad President Drawn Into Legal Strife

Displaced Spouse Says Successor Won by a Deathbed Marriage

Mrs. Meta J. Erickson, president and principal owner of the Amador Central railroad, which was built by the contracting firm of Erickson & Peterson a number of years ago, has been drawn into the tangled legal affairs involving the estate of her late husband-in-law, Frederick L. Erickson, which developed when his third wife commenced today in the Superior Court an action to remove as executrix his fourth wife, whom, she charges, is plotting to deplete his estate.

Etta May Erickson, the third wife and mother of Charles F. M. Erickson, 19 years of age, alleges in her petition for the removal of Marie Erickson, the fourth wife, that the latter caused to be filed a final decree of divorce between her and Erickson two days before his death in October, 1911, and then married him on his deathbed.

HAS ALLOWANCE

A year ago, Marie Erickson, who before her marriage to Erickson was his nurse, was granted \$75 a month family allowance from his estate. She and the minor son by Erickson's third wife, Etta May Erickson, were the only heirs.

Etta May Erickson was yesterday appointed guardian of her son and in her petition filed today she alleges that Marie Erickson obtained the allowance for her sole use and without consideration for the rights of her husband's son.

Meta J. Erickson is drawn into the proceedings as executrix of the estate of her husband, Charles Erickson, the railroad builder, who died a number of years ago. He bequeathed \$125,000 to his only son, Charles, and \$25,000 to his daughter, Etta May Erickson, who has now named the woman railroad president not to pay any more money to her sister-in-law until the present matter is settled in court.

WOMAN RAILROAD CHIEF

Attorney Vincent Surr of San Francisco represents Etta May Erickson in her action against Marie Erickson. Charles Erickson, of the firm of Erickson & Peterson, died in December, 1910, leaving a large estate. His brother died in October, 1911. A little over a year ago Meta J. Erickson appeared in the local courts as defendant in a suit brought by Attorney Ward A. Stevens, a relative to collect attorney's fees for handling certain litigation involving contracts through which Mrs. Erickson gained control of the Amador Central railroad, a line operated entirely in Amador county.

She is the only woman railroad president in the West and since the death of her husband has handled his affairs.

Detective Burns Is Dismissed by Chiefs

GRAND RAPIDS, June 19.—William J. Burns, the detective, was dropped from honorary membership in the International Association of Chiefs of Police today.

In addition to being ordered that all police chiefs, detectives and other officers who are not members of the association and who use its official insignia on their stationery without permission be prosecuted.

The convention resolved that the case against segregation of the social evil had not been proved and that cities which found segregation the best means of retaining that policy.

Oakland Man Now Consul at Seville

Oakland friends of Wilbur T. Gray, formerly of this city, learned today of his transfer from the United States consulate at Providence to the consulate at Seville, Spain.

Gray entered the diplomatic service in 1902 and has since that time spent several years in Oakland. His relatives, who formerly lived here, have been notified.

Mediation Breakdown Is Near

CHIEF APPROVES BLOOMER BATHING SUITS FOR WOMEN

CHICAGO, June 19.—Bloomer bathing suits for women received the sanction of the Chicago police department today in a statement made public by Herman Schuetzler, acting chief of police.

"I believe skirts a hindrance to women swimmers," said Schuetzler. "A bloomer suit that is respectable and proper will be all right. It depends on the individual. The police department does not intend to dictate styles for bathing suits so long as the suits are decent."

A woman physician, arrested a year ago for slipping off her bathing skirt before she stepped into the water, was sponsor for an ordinance submitted to the city council making bloomers compulsory for both men and women.

The council declined to act after having had the matter in hand all winter, and turned the question over to the police department.

'WINE' IS DEFINED

Secretary Houston Makes Pure Food Ruling 'Twixt Grape and Water.

What is wine? Not so, according to Secretary Houston, who today answered the question, "What is wine?"

It is this: "The produce of the normal, alcoholic fermentation of the juice of the fresh, sound ripe grapes with the usual cellar treatment."

WASHINGTON, June 19.—Secretary Houston today decided "What is Wine?" and made a pure food ruling of far-reaching importance to domestic wine makers, particularly those in Ohio and California.

He prohibited the use of the name "wine" on products made by the addition of water to the juice, pomace or pulp of grapes, and defined wine to be "the product of the normal, alcoholic fermentation of the juice of the fresh, sound, ripe grapes with the usual cellar treatment."

The new decision provides that where any water is added it is not permissible to label the product otherwise than as "imitation wine."

This will affect all wines made after June 12, 1914.

This action was taken, in the language of the decision, because "the department of agriculture has concluded that gross deceptions have been practiced under food inspection decision 120."

Food inspection decision 109 also relating to wine was abrogated.

In view of the fact that the juice of grapes in many unfavorable grape-growing seasons is either too acid or too sweet to make wine, the new decision will permit correction of the natural defects in grape musts and wines due to climate or seasonal conditions by additions in unfavorable seasons with certain definitions which, however, will not apply to sweet wines made in addition to the sweet wine fortification act of June 7, 1906.

Inasmuch as many wine makers have prepared vintages in accordance with the department's previous ruling, proceedings will not be recommended by the department prior to June 12, 1916, for wine actually manufactured prior to the date of the decision.

Ill. Mrs. Seyd Havens Undergoes Operation

Following several days of serious illness after an operation for throat trouble Mrs. Seyd Havens, daughter of Mr. and Mrs. M. K. Miller of this city, and wife of Seyd Havens from whom she separated at Chicago six months ago, was today pronounced cured.

She is at St. Luke's Hospital in San Francisco. For a time following the operation it was feared that serious consequences would follow.

Mrs. Havens returned a short time ago from Sacramento. She caught cold, pneumonia followed, and the ailment settled in her throat, making an operation necessary. She will in a few days be removed to the home of her parents at 451 Twenty-eighth street.

Mrs. Havens is one of the best known stars in the younger set. She was a school, and shortly after her graduation her eloquent with young Havens following a contradicted announcement of their engagement, wanted a divorce. The separation at Chicago followed.

BOTH SIDES REMAIN FIRM

American and Huerta Delegates' Horns Are Still Locked

Conference Is Postponed Till Tomorrow; Naon Goes to Washington

WASHINGTON, June 19.—Mediation stands today on the brink of failure. Only concessions by President Wilson or Huerta can save it.

While the Niagara conference halted, Minister Naon of Argentina, one of the three South American mediators, returned to Washington for a conference with Secretary Bryan and probably to see President Wilson. He planned to start back to Niagara Falls tonight, carrying word whether the conference shall proceed or disband.

Naon and Secretary Bryan took luncheon together, privately, and later the Argentine minister went to the state department for a further conference. Neither would make a statement.

Announcement at the White House that the President stands squarely on the principles enunciated in the statement of the American delegates seemed to make it certain that the United States will not be satisfied with anything less than the choice of a man approved by the Constitution to head the new government.

The firm attitude of the Huerta delegates for a so-called "neutral" seemed to hold out no hope of a break in the deadlock.

The situation, admittedly another crisis, was discussed in the cabinet meeting and some sort of an official statement from the President himself informing the public fully in case mediation fails was promised.

Officials close to the President declared that all talk of further armed intervention or of recognition of Carranza or Villa at this state was unfounded.

NEITHER SIDE GIVES WAY

NIAGARA FALLS, Ont., June 19.—The American and Huerta delegates held firmly today to the opposite views expressed by them in public statements explaining the type of man desired by each side for provisional president of Mexico. Both sides having gone on record, the prospect is that neither will give way and that there will be a complete breakdown of mediation.

Word was received today from Minister Naon of Argentina that he would not return until tomorrow from his trip to New Haven and Cambridge, where he received honorary degrees. The conference that was to have been held at Niagara Falls was postponed.

Judge McLaughlin, New Prison Director

SACRAMENTO, June 19.—Judge Charles E. McLaughlin of Sacramento today was appointed a member of the State Board of Prison Directors by Governor H. W. Johnson in place of T. L. Ford of San Francisco, whose term has expired.

McLaughlin's term is for a period of ten years.

One of the first official actions of Judge McLaughlin will be to pass upon the parole of Abraham Ruef for whose release a statewide agitation has been carried on for some time. Judge McLaughlin stated today that he had made no decision concerning the merit of Ruef's application.

Judge McLaughlin was formerly superior judge of Plumas county and was one of the appellate court judges of the Third district.

Ritchie and Welsh Sign Final Articles

LONDON, June 19.—Final articles for the world's championship lightweight boxer, and Fred Welsh, the British lightweight champion for their twenty-round bout for the championship of the world, to be fought at Olympia, Tuesday, July 7, were signed today.

The opportunity to complete the interior finishing of the second floor. The cruetrooms are already complete and with the removal of the other departments.

The office boys being moved to give opportunity to complete the interior finishing of the second floor. The cruetrooms are already complete and with the removal of the other departments.

(Continued on Page 2, Col. 4.)

BASEBALL 'ROUGH' FOR OAKLAND GIRLS? NO! FAIR PLAYERS ARE ANGRY OVER LATEST PROTEST

CITY 'MOVING DAY' GOADED TO SUICIDE

Municipal Offices in New Hall Will Be Shuffled Tomorrow.

Municipal office quarters will be reshuffled and dealt again over the three lower floors of the city hall commencing tomorrow which has been set down as the official moving day at the new municipal building. This is not the big moving day, when the departments now housed at the city hall annex in Broadway will be placed in their permanent quarters, but a preliminary shake-up, in which only the council, the commissioners and half a dozen other departments will be placed in new temporary or permanent rooms.

The most significant thing about tomorrow's moving day, however, will be the fact that the main entrance to the city hall, on Washington street, will be taken over permanently by the public. The citizens having business with city departments will enter by the big main rotunda and walk up the impressive and monumental staircase to the third floor, where almost all the departments will have been placed by Monday morning.

With the exception of the two police courts all offices will have been transferred from the second floor, where they have been temporarily housed, to the third floor moved to give the office boys being moved to give opportunity to complete the interior finishing of the second floor. The cruetrooms are already complete and with the removal of the other departments.

The office boys being moved to give opportunity to complete the interior finishing of the second floor. The cruetrooms are already complete and with the removal of the other departments.

(Continued on Page 2, Col. 4.)

Fears of Bodily Harm at the Hands of Some Enemy Drives Man to Death.

Fears that he would meet with bodily harm at the hands of some enemy are believed to have led to the suicide of Charles Alvina, a young machinist 23 years of age who was found dead at 10 o'clock this morning in his room in the family home at 225 Ninth-second avenue with a bullet hole in his head and a revolver by his side. The gruesome discovery was made by the dead man's mother.

Alvina had been despondent for some time and frequently complained that he had personal enemies who were persecuting him. He had become very quiet and reserved in manner, remained much by himself and usually locked the door in his room when he retired at night. Last evening he came home about six o'clock and immediately went to his room. He was found dead at 10 o'clock this morning.

This morning about three o'clock Mrs. Alvina heard her son moving about on the floor partly clothed with a bullet hole in his chest. She called to him, but he did not answer. She went to his door and spoke, but when she received no answer, she thought that he had been mistaken in believing him awake. At 5 o'clock she went to call him at his usual hour of rising and received no response. As the morning wore on, she grew more and more alarmed at the non-appearance of her son, and summoned a physician.

The body of the young man was found lying on the floor partly clothed with a bullet hole in his chest. He was found at 10 o'clock this morning.

Apparently occurred several hours before Mrs. Alvina is prostrated by the shock and is under the care of a physician.

TRAPPED BY FIRES IN PITS

Explosion in Calgary Colliery Entombs 200 Workmen

Ten Score Others Are Victims of Belgian Disaster

CALGARY, Alberta, June 19.—Two hundred men are trapped and believed to have been killed as the result of an explosion in Hill Crest Collieries Mines at Hill Crest, near Frank, on the Crow's Nest line this morning.

About 600 men went into the mine this morning before the explosion occurred.

More than 400 men escaped, but 200 were left and it is believed there is no hope for them.

Canadian Pacific Railway Co. officials directed the equipment of a special relief train here. The special, carrying surgeons, nurses and a number of company officials, with a large quantity of hospital supplies, was expected to reach the Hill Crest mine this afternoon.

Private messages received here from the wrecked mine were that dense clouds of black smoke continued to issue from the pit mouth.

A government mine rescue car with trained rescue men departed from Blairmore for Hill Crest.

Fifty bodies have been recovered from Hill Crest.

200 ENTOMBED.

LIEGE, Belgium, June 19.—Two hundred coal miners were entombed in the Vieille-Marihay colliery near here, when fire broke out today. Two hundred of their comrades escaped when the alarm was given.

The fire was still raging this afternoon and every effort was being made to rescue the miners left in the pits.

Yale Oarsmen Win From Harvard Eight

REGATTA COURSE, NEW LONDON, Conn., June 19.—Yale's eight-oared crew won today at Harvard in the four-mile race here this afternoon by a scant foot in the most exciting struggle ever held on this historic course. Harvard led at the first mile by half a length. Yale led at the two miles by a length and the shells were practically tied from the third mile on. Harvard won the freshman and second varsity races. A puff of southerly breeze barely rippled the water. Conditions were ideal.

There seems to be a new champion as to who won. First the Harvard flag was raised then the Yale flag. The Harvard flag was then lowered. Then the Yale men cheered. An incoming launch from the judges' boat said the judges were undecided. Thought Yale might have won by a yard.

WAT ASK DAMAGES

Government Realizes Seriousness of Johannsen's False Imprisonment.

SAN FRANCISCO, June 18.—That the United States government realizes to the fullest extent the seriousness of the situation created by the false imprisonment of Albert Johannsen, released yesterday from San Quentin, was evidenced this morning by the receipt of a telegram by United States Attorney Preston to the effect that the Department of Justice would handle the case. United States Attorney General McHenry notified the local prosecuting officers that his office would assume all expense in connection with a further investigation and that the necessary steps taken would be the result of inquiry developed in Washington.

While it is probable that the government will decide to request a retrial for the imprisonment of Johannsen, it is not unlikely that he will be presented with a substantial sum, even though he decides to bring suit for heavy damages.

That he contemplates some such action has been hinted at The man in this country. It is believed here that no attempt will be made to question the honesty of the officers of the transport Sheridan upon which Johannsen was brought here. United States Attorney Preston said today that he thought that the officers concerned were innocent of wrongdoing.

It is probable that Peter Grimes, the man into whose shoes Johannsen found himself forced, will be severely dealt with if the government can find a way to reach him. It is believed that the Orient is to the effect that Grimes may go free.

HEIR STILL AMONG MISSING 'KIDNAPED,' SAYS HIS BRIDE

Others Knew of \$1,000,000 Will, She Says

"I am confident that my husband has been spirited away. Some one, hearing of the will, is probably holding him for ransom. E. D. McCadden, a private detective, telephoned me, and had me come to his office, where he tried to get \$50 from me. He then told other people I had hired him, and later came back and said he needed \$8 at least, as he had put men on the case. I never hired him. He says my husband is in the city, that he is hiding from creditors, and seems to know more about it than I do. I think my husband has been kidnapped and if this McCadden knows so much about it he might be investigated."

So declares Mrs. Frederick K. Hamilton, wife of the missing architect whose disappearance has set the police of two cities on the case. Today she was prostrated with grief. Today she is aroused, and is ready to fight, following the statements given out by the San Francisco private detective last night in which he suggested that her husband was a criminal.

HEIR'S BRIDE PENNILESS.

Hotel in Oakland where she and her husband had moved shortly before he disappeared. Hamilton, who claims to be heir to \$1,750,000, the major portion of the estate of the late William E. Hamilton of Boston, disappeared, leaving his wife penniless in the hotel.

"What looks suspicious to me," said Mrs. Hamilton this morning, "is that even before I really thought anything serious had happened to Fred, this Detective McGowan was in the hotel, and told me that my husband had disappeared."

According to her story it was while they were on their honeymoon that her husband received news of the death of his brother, William, in an automobile accident in Los Angeles. She declared that shortly after this Lodge and Lodge, Boston attorneys, notified him of the inheritance and informed him that Thomas McGowan, a Los Angeles attorney, who had been his friend, was handling the case.

"McGowan," declared Mrs. Hamilton, "was evasive and would not discuss the matter at first. Finally he met Fred in San Francisco, at Gardner's office—or rather in front of it. He said he had a check for \$1000 for Fred. He then failed to keep another appointment and Fred accused him of sharp dealing."

"Wednesday morning Fred told me he was going to wire a Dr. Barlow in Los Angeles for money for tickets south. He went out crying, and declared that it was terrible with all that money coming, to be almost starving."

MADE ENGAGEMENT.

"Bertha," he said, "would you ever leave me? If you did I would kill myself. He asked me to meet him at Patrick and Nelson's office in Berkeley and that is the last I saw of him."

Mrs. Hamilton said that the will of her father-in-law left her husband a mother \$500,000, each of his sisters \$200,000, and provided like amounts for four prospective children of theirs, to be held twenty years. Hamilton, she said, was to get the lion's share of estates in England, South Africa and this country. She said his father was a lord, had been knighted, and had been a noted surgeon here and in Yellowstone Park.

Detective McCadden intimated that Hamilton had decided his wife and had deserted her when he found that some queer transactions were about to be exposed.

Defense Opens Case

In Dynamite Trial

MARTINEZ, June 18.—Today saw the opening of the defense in the trial of Thomas Mooney, accused of transporting dynamite illegally. The trial is being held here before Judge Arnot.

Yesterday the state closed. This is the third trial Mooney has faced. The defense started with the introduction of Mrs. Mary O'Keefe's testimony to prove that there was no baggage on the boat on which the explosive was found near Richmond.

Policeman G. O. McGowan testified to finding mercury caps and John Birmingham Jr., an expert, told of the explosive qualities of these caps.

It is expected that the case will go to the jury tonight.

CHIEFS LOSE JUNKET

Selecting Cincinnati for 1915 Convention, They Forego Free Western Trip.

GRAND RAPIDS, Mich., June 18.—It became known today that the refusal of San Francisco to withdraw from the contest for next year's convention in favor of Los Angeles cost the members of the International Association of Police Chiefs a trip to the Pacific Coast as guests of General G. Q. Roger of Los Angeles.

General Roger had notified Chief Sebastian of Los Angeles to announce to the convention that if it would meet next year in Los Angeles he would charter a special train to carry the delegates from Chicago to the coast and return as his guests.

Unwilling to expose San Francisco Chief Sebastian withdrew Los Angeles' claims, but hopes to have the 1916 convention held in his home city.

Delegates attending the convention here were ready today to elect officers, clear up odds and ends of routine business and adjourn.

Re-election of Major Richard S. Lester of Washington as president seemed assured it was not.

The International Association of Chiefs of Police by acclamation today re-elected Major Richard Sylvester of Washington D. C. as president and Michael Regan of Buffalo, New York, as first vice-president.

RECEIVER IS NAMED OVER LORIMER BANK CHICAGO, June 18.—The LaSalle Street Trust and Savings Bank, which was closed by a State Bank Examiner last week, was placed in the hands of a receiver today.

Chicago Title and Trust Company, was named for the position by Judge Windes. It was said that nearly 200 persons had applied in one way or another for the position.

RAIN IS GENERAL

Downpour and Warmer Temperature Visits Coast, Plateau and Middle West.

March changed places with June this year, according to the records of the weather bureau.

The cold winds, fogs and mist which have made the month somewhat uncomfortable, gave way to showers early this morning and increasing cloudiness is the forecast for tonight and tomorrow.

The showery weather is not confined to this region alone and W. J. Reed, observer temporarily in charge of the weather bureau in San Francisco, predicts a sprinkling for the entire state and all over the Pacific coast.

While Oakland was favored with a generous downpour throughout the day, San Francisco got but little rain according to reports from the Weather Bureau across the bay. A slight drizzle did a sprinkling for the entire state and all over the Pacific coast in the morning.

It began raining early this morning. During the past twenty-four hours light rain has fallen along the southern California coast and in the great valleys and mountains and western Nevada.

Over the North Pacific States the weather is fair except in southern Nevada, where it is somewhat threatening. Rain has also fallen in Alberta, the Dakotas, Illinois, Florida and Tennessee. Over an inch of rain fell at Knoxville.

While Oakland was favored with a generous downpour throughout the day, San Francisco got but little rain according to reports from the Weather Bureau across the bay. A slight drizzle did a sprinkling for the entire state and all over the Pacific coast in the morning.

**JURY GIVES WIDOW
\$20,000 DAMAGES**Judgment for Hotel Runner's
Death Is Largest in the
Court's History.

Judgment in the sum of \$20,000, the largest amount ever awarded by a jury in Alameda county in a civil damage case, was given Mrs. Luta May Muir in Superior Judge Donahue's court last evening in her suit against the Southern Pacific Company over the death of her husband, who was thrown beneath the wheels of a passenger train in Berkeley last February.

The judgment is one of the largest in the history of the state resulting from the trial of such a case. Several years ago in the southern part of the state a plaintiff obtained judgment for approximately \$50,000 against the railroad company as the result of an accident which cost him the loss of his legs.

Mrs. Muir sued the company for \$50,000 damages.

The present case was fought hard by a corps of attorneys on both sides. Testimony was taken for ten days and more than a score of witnesses were examined. The jury deliberated three hours.

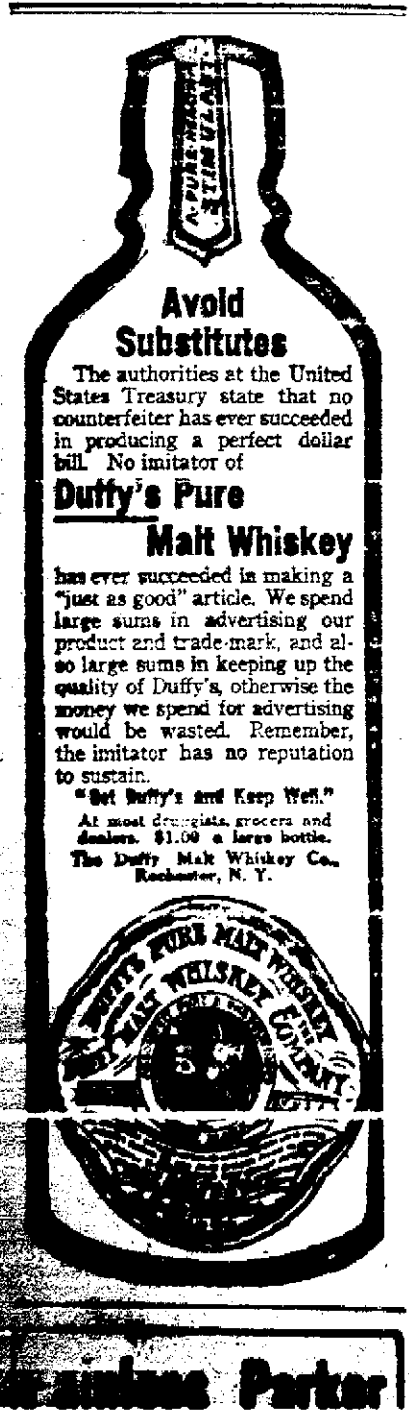

ATTORNEYS SEVERAL
Mrs. Muir was represented by Attorney Peter J. Crosby, who conducted the examination of witnesses and made the arguments before the jury. With Attorney Crosby was associated in the prosecution of the case Attorney Almeron C. Crafton and R. W. Clough of San Francisco. Attorney Stanley Moore appeared for the Southern Pacific Company.

Muir, a hotel runner, died in Roosevelt hospital at Berkeley shortly after he had been taken from beneath the car wheels. He made a declaration to the police accusing Special Officer McKeegan of the railroad company of having caused him to fall beneath the train to his death. Witnesses called during the trial of the case testified that Muir, McKeegan and trainmen had been arguing and that Muir was cornered in the vestibule of the train, from which he was shoved to the track.

The case will probably be appealed to the higher courts.

**INDUSTRY DEPRESSED,
UNIONS CHECK DEMAND**

ATLANTIC CITY, N. J., June 19.—Depressed conditions reported in the iron, steel and tin plate industries and the representatives of 10,000 workmen employed in union mills to refrain from demands for increased wages. It was stated at the close of yesterday's session here that the union leaders and representatives of the United States Association of Iron and Steel Manufacturers, W. A. Follansbee, head of the mills at Pittsburgh, Pa., said that plant owners attributed the depression of the iron and steel industry to the tariff and business uncertainty.

Avoid Substitutes
The authorities at the United States Treasury state that no counterfeit has ever succeeded in producing a perfect dollar bill. No imitator of **Duffy's Pure Malt Whiskey** has ever succeeded in making a "just as good" article. We spend large sums in advertising our product and trade-mark, and also large sums in keeping up the quality of Duffy's, otherwise the money we spend for advertising would be wasted. Remember, the imitator has no reputation to sustain.

HEARS OF CURES**

Remarkable Operations Described at Opening Session of Association.

PHILADELPHIA, June 19.—The shifting of sound muscles to replace those paralyzed by disease, the grafting of living bone from one part of the body to another, and other remarkable operations by which deformities had been cured, were described yesterday at the opening session of the American Orthopedic Association's annual meeting in this city.

Dr. C. William Nathan explained the new principles in the treatment of paralysis of the muscles by which the strong and healthy muscles were grafted from one attachment to another and the flexor muscles made to do the work of the paralyzed extensor muscles.

Dr. W. E. Gallie, who presented a report covering a long list of bone grafting experiments, declared that a cat bone grafted onto a dog bone grows fast and within ten weeks becomes transformed and resembles the original dog bone. The use of sections of bone taken from the patients and transplanted in the spine were described by Dr. H. P. Galloway and Dr. F. H. Albee.

**MAKES THOROUGH STUDY
OF THRIFT IN EUROPE**

BERLIN, June 19.—"America can learn much from Europe especially from Germany, in the matter of thrift and economy," said Simon W. Straus, the Chicago banker and president of the American Society for Thrift. Mr. Straus has about completed a tour of Europe, Italy, Austria and Germany during which he has made a thorough study of European thrift and will make a report to his society and to the United States Government of the results of his observations and investigations.

"My investigations in Germany have impressed me with the need for extending the activities of the American Society for Thrift and making it international," said Mr. Straus. "We have become prodigal in America and I am here to learn ways of thrift, but I find that the German nation is more thrifty than the German individual. Thrift is an anomaly. In America we have taken up the systematic education of the people to greater individual thrift, knowing that without that, our municipal, state and national affairs will not be run on thrift lines. One of the purposes of our society was to learn from inquiry in foreign countries, and I have observed and learned much which I hope may be nationally useful in America. The physical condition of the men, the longer and more specialized school system and the co-operative buying and selling, are aspects of German thrift which will repay our study. A definite and systematic effort must be made in America to teach the benefits of the household budget as well as how to save, and in doing this learn handicraft which otherwise city boys do not learn. The urban population must get back to the land, and this is the best and quickest way to bring about the change."

**ALCATRAZ SOON TO BE
STATION FOR ALIENS**

SAN FRANCISCO, June 19.—Another step in the conversion of Alcatraz Island from a military prison into an immigration station was taken yesterday when the House Committee on Military Affairs reported favorably on Senator Raker's bill to transfer jurisdiction over the island from the War Department to the Department of the Interior.

Commissioner of Immigration A. Cammett appeared before the committee and showed the necessity of having more room for the immigration station with the opening of the Panama Canal and the coming of thousands of immigrants from Europe.

The buildings on Alcatraz will be altered to fit the needs of the immigration office. All of the life term prisoners on the island will be sent to Fort Leavenworth, Kansas, and the remainder will be quartered among military prisons elsewhere.

**AMERICAN BIRDMAN IN
ASTONISHING FLIGHT**

PARIS, June 19.—Lawrence Sperry, a young American aviator, astounded the French War Office and the Aviation Commission with a sensational flight yesterday, when he took up the Sperry-Curtiss flying boat for its initial trial in the 20,000 government test for the best automatic aeroplane control device.

Sperry rose from the River Seine with his arms folded. Then climbing to a height of 1000 feet he stood up with his arms above his head while his mechanism clambered on to one of the planes and stood gripping the upright. The aeroplane automatically adjusted itself.

**SAGUAGUE AGENTS WILL
MEET IN LOS ANGELES**

DETROIT, June 19.—Holding the final session of their annual convention on the river, the Saguague Agents Association met yesterday and elected officers and decided to hold their 1915 convention at Los Angeles.

George L. Alley, general saguague agent of the United States, was chosen president and J. F. Dwyer of the Baltimore and Ohio vice-president. For the 1915 convention secretary-treasurer.

The American Association of Transfermen met in conjunction with the Saguague Agents, re-elected their present officers.

WOMAN SUES FOR \$100,000

Miss Wareham Accuses Millionaire Zimmerman of Breach of Promise

NEW YORK, June 19.—Miss Ivy Wareham, who has sued Eugene Zimmerman, father of the Duchess of Manchester for \$100,000 for alleged breach of promise of marriage, declared today that she had scores of ardent love letters from Zimmerman. She was seen in the expensive dog nursery which she owns and manages at Elmhurst, L. I.

"I am not in the habit of taking her letters," Zimmerman today declared that he believed the charges untrue. He had declared further that Zimmerman received many blackmailing letters.

"What silly rot," exclaimed Miss Wareham, when Zimmerman's statement was repeated. "Does he insinuate that I wrote the letters? Why, pray, should I write Zimmerman blackmailing letters when in my lawyer's safe there are scores of love letters from Zimmerman?"

"My case rests on these letters. Love letters? Well, wait and hear them. 'Arden' expresses it very mildly. 'You can see that I am a business woman,' Miss Wareham said, as she waved her hands over the forty dogs that filled around her. 'And I do not need Eugene Zimmerman's money. I need him take this case into court and force him and his kind that they do not even every woman their chance to fancy. I would do so often and spend less time in silly tears there would be fewer of these millionaire flirts.'"

**WEALTHY WOMEN
WILL RACE YACHTS**

SAN FRANCISCO, June 19.—From New York and Hongkong two of the richest women in the world have unwittingly announced the latest yacht race on record, with the Panama Canal as the finishing point and the honor of being the first to take her yacht through the canal as the prize.

Mrs. Joseph Leiter, now in Pekin, recently expressed her determination to bring her yacht Niagara from Hongkong to San Francisco to be the first woman to pass through the canal.

Now it is going to be a matter of minutes as to which yacht will reach the finishing point and the honor of being the first to take her yacht through the canal as the prize.

The California, Mrs. Stocker's recently purchased yacht, will not be ready for sea in less than thirty days. It will take her approximately fifty days and thirteen hours to reach Colon.

The twenty days' advantage of the Niagara will be counterbalanced almost to a minute by the extra distance she has to go.

It was only yesterday that each woman became aware that the other fostered her own ambition. Each has millions and each immediately started some of those millions to work in winning the race.

Mrs. Leiter had left her yacht while it was undergoing repairs and received the cable in Pekin from New York friends, telling her that Mrs. Stocker was out to beat her.

Mrs. Leiter then rushed to Hongkong to push work on the Niagara, to have the yacht fueled and provisioned for a straight run to Panama, and to have everything in readiness to get under way the minute the Niagara slips out of dry dock.

Meanwhile Mrs. Stocker was very busy in New York. She had a rapid fire consultation with her naval architect and the superintendent in charge of work on the California. They thought the yacht could be ready for sea in thirty days by rushing everything.

**MISS MCGREGOR TO
BE BOAT'S SPONSOR**

SAN FRANCISCO, June 19.—The United States submarine torpedo boat K-7 will be launched from the ways of the Union Iron Works Company tomorrow night. Miss Katie-bell McGregor, daughter of John A. McGregor, president of the Union Iron Works, will act as sponsor.

Instead of sending the powerful little fighting craft into its native element during the noon hour, the K-7 will take the initial plunge into the bay waters at 9 p. m.

This was decided upon because it happens to be high tide and a favorable time for the ceremony.

Going to the time chosen for the launching, it is expected that the ceremony will be witnessed by several hundred persons, including many prominent society folk.

Workmen are now engaged in installing numerous electric lights in order to illuminate the ship and the water into which the submarine will make the plunge.

**LESIE CARTER MOURNS
MOTHER IN HAREM VEIL**

NEW YORK, June 19.—Mrs. Leslie Carter Payne, the actress, who arrived on the Olympic yesterday bound for San Francisco and Australia, and who is mourning for her mother, appeared wearing a long black mourning veil with the face cut out.

**MILLIONAIRE, AGED 62,
TAKES YOUNG BRIDE**

NEW LONDON, Conn., June 19.—The marriage of Morton F. Plant, yachtman and multimillionaire, to Mrs. Ellen B. Mainwaring of Hartford, at Brandon House, Eastern Point, yesterday, was formally announced today.

Rev. J. M. Kerredge, rector of St. James Episcopal church of this city, officiated and gave away the bride.

The bride obtained a divorce last April. She is 31 years old and Plant is 62. The first Mrs. Plant, who was Miss Neide Capron of Baltimore, died last August.

**GIRL BRUISED IN
FALL FROM HORSE**

RENO, Nev., June 19.—Jean Bartlett, 6-year-old daughter of former Congressman and Mrs. George A. Bartlett, suffering from a broken wrist and bruises and strains at Carson City yesterday in falling from a horse which she and another child were riding. The little one is reported resting easily today. No permanent effects from the injuries are anticipated.

**BABE KILLED BY FATHER
SO WIFE COULD WORK**

PRINEVILLE, Ore., June 19.—D. K. Sheiton today confessed that he killed his two-hour-old baby Thursday with laudanum, afterward stuffing the little body into the kitchen stove in effort to burn it. Fear that his wife would be unable to do her share toward earning a living after the baby came prompted the crime.

**"LULU FARD" IS
THE LATEST DANCE**

NEW YORK, June 19.—Do you dance the "Lulu Fard"? If not, there is no need for apology, because the dance is brand new, or at least that is the claim for it tonight when it was introduced by the Chalfin Dancing School.

It is of Portuguese origin and has made a big hit in Paris and Vienna, Louis II, chief of exiles, the dance is easy, anybody could see that, and not only about four steps in it against a dozen or more of the tango and maxixe.

You start ahead for four measures and the music gets livelier, and then there are four quick steps and then four slow ones, like the "one-step." Then comes a two-step move, the where you turn and point your foot, like the maxixe. This for eight measures.

Finally you separate from your partner, as in the Spanish dance, snap the fingers at beginning of the measure and clap the hands on the last beat. This lasts for eight measures, and then you begin all over again.

**GERMAN FOREIGN
MINISTER WEDS COUNTESS**

FRANKFURT ON THE MAIN, Germany, June 19.—Gottlieb von Jagow, German foreign minister, was married yesterday to Countess Lutgarda Ernestine zu Solms-Laubach. The ceremony was performed at Arnburg castle, the family seat of the countess. The bridegroom is 51 and the bride 41.

**MORGAN AND SON MEET
AT HARVARD GRADUATION**

BOSTON, June 19.—While alumni, overseers and members of the faculty were waiting for the Harvard commencement procession to start, friends greeted the head of the house of J. P. Morgan & Co. as "Jack" Morgan's sons, the Junius, who was graduated yesterday, then came along, the two almost

running into each other's arms, and they hugged. It was an affectionate greeting of father and son. J. P. said as he patted his son paternally on the back, "Hello, Pakie, how are you this morning, old man?"

"Fine, father."

"You get your degree all right and you're well oiled up for the fight of life. Tell me, are you going to hang out by yourself or are you coming with the family for the day?"

The son's response was lost.

**GLEE CLUB TO ENJOY
OUTING AT GUERNEWOOD**

Seventeen members of the Mazda Glee Club, accompanied by Mrs. Jean Hoskins, the service secretary, will leave early tomorrow morning for a week's camping trip to Guernewood Park. The girls will be selected to take charge of the cooking each day. There will be swimming, tramping and other outdoor sports. Concerts will be given each evening. The trip was made possible through the funds raised by the glee club at the concert held May 28. The club was assisted by the band and orchestra of the McKinley school of Berkeley. The following officers of the club are in charge of the arrangements for the trip: Miss Mary Hoos, president; Miss Vera White, secretary; and Miss Edna Swanson, treasurer.

**MANAGER OF NORTHERN
ELECTRIC R. R. RESIGNS**

SACRAMENTO, June 19.—J. B. Rowley, for many years assistant general manager of the Northern Electric Railroad yesterday handed in his resignation. He will be succeeded by P. A. McGovern, formerly an official of the Oregon Short Line Railroad.

New Fall Coats at Special Prices Tomorrow

Many Other Interesting Values from Our Various Departments

Meet your friends and neighbors here tomorrow—Shop in comfort and with satisfaction in the store which radiates prosperity.

Donegal Shawl Coats \$15.00

New fall models on sale tomorrow.
Swagger fall coats made from imported shawls in soft, fleecy plaids in beautiful colorings, with Raglan sleeves, full backs, and with collars, cuffs and bottoms trimmed in fringe to match. These promise to be one of the features for the fall season. Some have been shown already at much higher prices. These new ones on sale Saturday at \$15.00.

Man-Made Balmacaan Coats, \$12.50 and \$15.00

These new Fall Coats are built from all wool imported mixtures in a factory where men's overcoats are made. They have that manish air which only an organization of men's tailors can impart. The material and style ad-

pressing and the lining and all the details of construction are most carefully wrought out. We have seen all the good lines of coats brought out for the coming season, but have not noted in any of them coats that will compare with these for the price. Shown for the first time Saturday at \$12.50 and \$15.00.

Kayser Silk Gloves

Gloves with the name Kayser inside of them need no further commendation.
The name carries with it an O. K. for quality, style and durability. Our glove department is now completely stocked with long silk gloves in 16 button length in black, white, tan and all colors. Double tipped, of course. All sizes \$1.50 and \$2.00. Also short two clasp silk gloves with double tips in black, white and colors.
In all sizes—50c, 75c and \$1.00

The newest models in Tub Dresses for girls, beautifully made, tastefully trimmed. Built to stand frequent trips to the laundry.

VALLEJO NEWS

CHRYSANTHEMUMS, VALLEJO'S BOAST

Big Show Will Be Given by the Chamber of Commerce Next Fall.

VALLEJO, June 19.—Scores of persons of this city and county have signified their intention of participating in the magnificent chrysanthemum show which the Vallejo Chamber of Commerce will stage in its quarters in Marin street next fall—the time of the year when the blossoms are at their best. The affair which was announced by Vallejo's chief promotion body two weeks ago has attracted considerable attention and comment. It is predicted that the event will develop into one of the most interesting that have ever been recorded in the annals of this city.

SCHOOL BOARD MAKES A HIGHER TAX LEVY

VALLEJO, June 19.—The board of education met in executive session Wednesday evening to go over the proposed school tax levy. Although it may be considered excessive the board feels that it will have to ask for 30 cents on the \$100 assessed valuation this year. Last year the tax levy was held down to 11 cents on the \$100, but the school department has been crippled financially ever since. During the executive session Misses Irene McCauley, Ruth Eason, Margaret Wittum and Kate Winslow were selected as teachers for the elementary grades.

JUSTICE OF THE PEACE UNITES VALLEJOITES

and Miss Laura King, both popular residents of Beach Valley were married Wednesday evening by Justice of the

Peace J. A. Fitzgerald. The young people left on the steamer General Frisbie for San Francisco, where they will spend their honeymoon.

WANT SHIP'S BELL.

VALLEJO, June 19.—Although it has been decided that the city of Vallejo does not want the old sailing ship Independence, the board of education is going to make an effort to secure part of the equipment of the vessel and as a result request is to be made for the ship's bell, which it is desired to install at the Roosevelt School at the Orphans' Home. The Navy Department has already directed that a bell be given to the local school department.

TO VISIT HOME LODGE.

VALLEJO, June 19.—Vallejo Aeris, No. 71, F. O. E., will hold a special meeting Saturday evening, June 23, when J. W. Kavanagh, state president of the order, will pay his home aeris his first official visit since his election at Fort Bragg last week. Kavanagh will be accompanied by Senator Edward I. Wolf, past worthy president of San Francisco Aeris No. 5.

FRATERNAL VISIT.

VALLEJO, June 19.—The members of Vallejo Circle No. 342, Women of Woodcraft, are making arrangements to visit Benicia the last of the month. During the evening the local organization will assist in initiating a large class of candidates into Carquinez Circle of the tannery town.

MARE ISLAND NOTES

MARE ISLAND, June 19.—Mare Island failed as the lowest bidder on the hopper dredger San Pablo as several eastern plans underbid the local offer. It is believed that the Skinner Dry Dock Company of Baltimore will land the coveted contract. Holden A. Evans, former assistant superintendent at Mare Island, is vice-president and general manager of the Skinner plant. The bid ranged around \$250,000 and the yard officers have the satisfaction of knowing they underbid the Moran Brothers plant of Seattle. If the San Pablo is built on the east coast the contractor will have to deliver her at San Francisco.

The date for laying the keels for the two steel coal barges was set yesterday afternoon by the hull department officers for Thursday, the 25th inst. The barges will be constructed in dock No. 1, and it was stated today that twelve days after

competition with Uncle Sam's other navy yards.

The hull department officers are jubilant today as a result of competing in the installing of the main deck of the tanker Kanawha.

Work has just been started on the erection of the new hoist house on the deck of the collier Nanshan. The vessel is to be equipped with a modern radio outfit before she leaves Mare Island. The first of her new boilers will also be installed on Tuesday.

The six 4-inch batter for the naval reserve cruise Marblehead arrived at the yard yesterday afternoon from the dock of the collier Nanshan. It will take at least ten days to install the new guns according to station officials. The rifles will replace the 3-inch battery which was recently removed from the vessel.

The navy department wants six expert radio aids to perform duties similar to those performed by George E. Hanson of this yard, one of whom will be stationed at Bremerton. Several navy yard employees will take the required tests.

Naval Constructor P. H. Fretz, U. S. N., received his commission yesterday from Washington, D. C.

Lightship No. 83 arrived at Mare Island yesterday so that the navy yard engineers can figure on her requirements. The navy yard will be doubt and the job of overhauling the light ship and if such is the case she will remain here for several weeks to come.

Passed Assistant Surgeon Jack Howard, U. S. N., has received his commission from the Navy Department.

Captain Bennett Puryear, U. S. M. C., reported for duty at the station barracks yesterday afternoon.

Arrived at Mare Island yesterday. He was assigned to the marine barracks.

SAN FRANCISCO WINS ANOTHER CONVENTION

ATLANTIC CITY, N. J., June 19.—The National Association of Master Plumbers here yesterday adopted a resolution directing the newly-elected president and board of directors to provide for the defense of the 35 members of the association indicted by a Federal Grand Jury at

OFFICERS ARE NAMED BY IDAHO COMMANDERY

LEWISTON, Idaho, June 19.—The Grand Commandery of Knights Templar for Idaho adjourned yesterday afternoon, after selecting Idaho Falls as the next annual meeting place and electing the following officers:

Ralph T. Morgan, Couer d'Alene, grand commander; J. H. Gaut, Lewiston, deputy grand commander; George D. Akin, Twin Falls, grand generalissimo; Francis Jenkins, Moscow, grand captain-general; George Huebner, Boise, grand senior warden; Charles Weisman, Idaho Falls, grand junior warden; Charles Himmrod, Boise, grand treasurer; Louis W. Ensign, Boise, recorder; W. A. Bradbury, Idaho Falls, grand prelate.

Appointive officers are: John R. Nevers, Couer d'Alene, grand guard bearer; Newton Brookhart, Pocatello, grand standard bearer; E. J. Osterader, Twin Falls, grand warden; A. W. Holden, Idaho Falls, grand tiler.

PRELATE IS PRONOUNCED BISHOP OF SPOKANE

SPOKANE, June 19.—With the Most Rev. Alexander Christie, archbishop of Portland, presiding, and assisted by the bishops of Eastern Washington, Idaho and Montana, the Rt. Rev. Augustin Francis Schinner was pronounced first Catholic bishop of Spokane yesterday.

The ceremony was most elaborate and was participated in by all of the dignitaries of the Catholic church in Eastern Washington. The new bishop will have in his jurisdiction all of the territory east of the Columbia river and in addition the counties of Benton and Ferry.

The new bishop was presented with a purse of \$1000 for his personal use.

ceremonies. The bishop has named Our Lady of Lourdes Church as the cathedral in Spokane.

ATTEMPT TO COLLECT NAVAJO CATTLE TAX

PHOENIX, Ariz., June 19.—The first attempt in thirteen years to collect taxes on the cattle of the Navajo Indians, ranging off the Navajo reservation, will be made when the assessors of Navajo and Coconino counties proceed to carry out the instructions given them yesterday by the state tax commissioner.

The commissioner acted on the advice of the state attorney-general. When the last attempt to collect the taxes was made in 1901 a fight ensued and the Navajo chief was killed.

ARMY GRADUATES ARE ASSIGNED TO SERVICE

WASHINGTON, June 19.—The cadets who last week graduated from the military academy at West Point today were assigned by the War Department to the various branches in which they will begin their active military careers. The first fifteen, recognition of their distinguished standing, were assigned to the engineer corps. Of the others twenty-one were assigned

WHO WILL BE TEAM-MATE?

Col. Fredericks Hasn't Yet Chosen Ally on Ticket

SAN FRANCISCO, June 19.—With the Southern backers of Captain Fredericks, in his quest of the nomination for Governor, urging that Mrs. Helen J. Williams of this city be his running mate, and with considerable opposition to the plan hereabouts, it looks as if further contention between the leaders of the Young Republicans has sprung up. A. L. Shinn of Sacramento, closely allied with the Young Republicans, has been prominently mentioned as a candidate for Lieutenant Governor. Which one of the four first candidates for the chief of the free will with is now the problem confronting his friends.

Two years ago Mrs. Williams was a Democrat and this fact has been remembered by her present opponents. Shinn has been the only one prominently mentioned as candidate for the second place and each of the other gubernatorial candidates of the Republican ranks declare that they are in the race to the finish.

RALSTON TALKS AT IRON WORKS.
William C. Ralston appeared before 1000 men at the Iron Works yesterday morning to discuss the political situation in this city. He received a warm welcome and told his audience

members of Carmen's Union Division 102, express our most sincere faith in the integrity and efficiency of the said Harry L. Boyle to all the said office of county clerk with full satisfaction to the people and due credit to himself and be it further.

Resolved, That this union render every honorable means of support and support to further the candidacy and assure the election of the said Harry L. Boyle as such county clerk; and be it further.

Resolved, That a copy of this resolution be given to the press.

ORGANIZATION MEETS.
SAN FRANCISCO, June 19.—The regular Republican Organization of San Francisco, as the Police faction of the Republican county committee is now called, met last evening in the Pacific building, where the organization has established headquarters.

The universal eight hour law proposition. On the prohibition matter he said that he was against it, as local option could be invoked in districts where the people wanted prohibition. As to the eight-hour law he told the men that he believed it to be unjust to the farmers and fruit-growers but that in other lines of labor, the conditions could be otherwise adjusted.

The Francis V. Keessing campaign for the appointment of a finance committee of which Marshall Hale is treasurer, Edward P. Dwyer, Mayor, and William C. Ralston, vice-chairman and John M. O'Brien, secretary.

Charles M. Beishaw will address a mass meeting in Grace Valley tomorrow night. He is now making a tour of the San Joaquin Valley.

Frederick S. Stratton who seeks to be Justice of the Appellate Court First District, placed his nomination petition in circulation yesterday. His first three signers are W. W. Morrow, president of the Circuit Court of Appeals, W. C. Van Fleet, district judge, and William H. Barry, Chief Justice of the Supreme Court.

Edward H. Hart of Ross, Marin county, candidate for the First District against William Kent, filed his petition in Sacramento yesterday, the first candidate to file this year.

BOYLE ENDORSED.
The following resolutions were passed by the local Carmen's Union.

At the regular meeting of Division 102, A. A. S. and E. R. D. of A. held June 16, 1914, at Castle Hall, Oakland, the following resolutions were adopted:

Whereas, it having come to our knowledge that Harry L. Boyle has been for more than 21 years continuously and still is associated and working with us on or about the care of the company, now known as the San Francisco and Oakland Traction Railway Company, and

Whereas, the said Harry L. Boyle has been for more than 21 years continuously and still is associated and working with us on or about the care of the company, now known as the San Francisco and Oakland Traction Railway Company, and

CELEBRATE WITH STATE HOTEL MEN

'VACATION DINNER' OPEN CONVENTION

Progress - Prosperity Committee to Banquet in Honor of Election Outcome.

Program of Discussions Will Include Prohibition and Fish and Game Law.

SANTA CRUZ, June 19.—With leading hotel men from all sections of the State in attendance, the annual convention of the California State Hotel Association opened this morning in Casa del Rey.

Program of discussions for the convention includes the initiative measures for State prohibition, universal eight-hour law and the new fish and game law to come up at the November election. The delegates are determined to make their enormous vested interests felt on these questions in the fullest measure possible.

The annual golf contest for the Reed & Barton cup will take place during the convention. The national delegates have planned a hard fight to recover the trophy from the southern association. The golf rounds began this afternoon. Among the players are: C. A. Cooke, C. E. Stewart, Alfred Bittens, H. W. Wells and Vernon Goodwin. The event is now held by James H. Holmes of San Diego.

Washing Won't Rid Head of Dandruff
Dissolve It, That's Best Way

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon. Apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all dandruff will be gone. If you use three or four more applications you will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find that itching, itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better than before.

Revel Planned For ACORN CLUB CAUSE

The Acorn Club of Oakland will hold a pleasure cruise on the bay Sunday morning, June 21. The steamer will leave pier No. 5 in San Francisco at 9 o'clock and will make a tour of the bay pointing stopping at several places, including Vinehaven. There will be a band on board and dancing will take place.

North German Lloyd S. S. BUELOW REFLOATED

WEYMOUTH, June 19.—The North German Lloyd steamship Buelow, which went ashore yesterday in Plinkens, while on a voyage from Yokohama to Hamburg, was refloated today.

CLAY at 14TH and 15TH

TO DISCUSS COALITION OF COMMERCIAL BODIES
Announcement of the commercial organizations of Alameda county under consideration by many of the leading business men, who believe that the present multiplicity of associations is detrimental rather than helpful to the community. It is suggested that a coalition of the different bodies work unite in common effort the forces that are now scattered.

ROBS WHILE FAMILY SLEEPS.
SAN FRANCISCO, June 19.—While the family of Louis Lackman of 63, the kitchen door and entered without arousing the family. When he made his exit down the front steps, however, Lackman was awakened, but too late to catch a glimpse of him. In all valuables to the amount of \$15 had been taken.

SOCIETY TO MAKE HISTORIC MARCH

Route Taken by Washington From Philadelphia Will Be Followed.

NEW YORK, June 19.—The route which Washington covered in his journey from Philadelphia to Cambridge in 1776 to take command of the American army will be marked by a special pilgrimage under the auspices of the National Society of the Sons of the American Revolution, starting from Philadelphia next week.

The "clattering cavalcade," which escorted General Washington to Cambridge, and which Irving has said "was the gaze and wonder of every town and village," took nine days to make in a hurry, and which is now to be commemorated by a pilgrimage in an automobile, starting as Washington did on June 25, and concluding with ceremonies at Cambridge on July 5—the day Washington took command of the army.

It is expected that more than 100 pilgrims will make the 10-day journey to Cambridge, and that other local stretches of the route will be augmented to several hundred.

It is proposed to make special visits to historic spots of revolutionary days and here and there to place a monument to commemorate some other memorial to Washington.

DUPLICATES HISTORY.
The idea was originated by the George Washington Chapter of Springfield, Mass. At the Congress of the National Society in Chicago in May last year, it was resolved that it be carried out with Henry F. Ponderson of Springfield as chief manager of the pilgrimage. A committee of members from Pennsylvania, New Jersey, New York, Connecticut and Massachusetts was appointed to co-operate.

Washington's departure from New England was taken last week after the Continental Congress of Philadelphia had, by unanimous vote, on June 16, 1776, ordered the forces raised and to be relieved in defense of American Liberty.

On the night of June 22 the hurried arrangements for Washington's departure had been completed, and a farewell dinner was given in his honor at Philadelphia. The commemoration of this event the Sons of the Revolution will hold a banquet at Philadelphia on the night of June 25, and start, as Washington did, the next morning for New York.

Itching a Severe Form of Eczema

How to Stop This Awful Naggling Disorder

If you feel like a pin cushion. If you get it itchy head in your mind that all forms of skin disease are a combination of nerve disorder and faulty nutrition you will then understand why S. S. S. the famous blood purifier overcomes such troubles.

Just as soon as S. S. S. enters the blood it radiates through it, and the itching subsides in an average of three minutes. And as the skin is an outlet for the greater portion of our waste, it is the best way of getting rid of it.

Section of S. S. S. is such that these impurities are converted into a substance that is easily expelled. Thus, instead of gathering on the surface to cause itching, eczema, skin rheum, tetter and other skin diseases they pass off as vapor or perspiration, the pores are left free, the nerves regain control and it is impossible for any more to either irritate or retain a foothold.

These facts are brought out in a very interesting book "What the Skin Tells Us" a copy of which is mailed free upon request to S. S. S. Co., 140 South

SWEDISH PICNIC TO OBSERVE DAY

Big Holiday Will Be Commemorated at Elaborate Fete.

The Swedish people of California will gather in Shellmound Park tomorrow to celebrate the Swedish national day with their annual mid-summer fete. The event will be under the direction of the Swenson-American Patriotic League of California, which will also commemorate the twentieth anniversary of its birth.

Miss Edith Johnston, a San Francisco girl, has been chosen mid-summer queen. Miss Esther Kohn of Oakland will be crowned "Columbia" at the festival. "Columbia" will be represented by Miss Johnston.

Principal among the attractions will be the dancing of Swedish national steps by a chorus of forty under the direction of Miss Alice Anderson. There will also be a panorama and dancing by the Swedish Young Men's Club of Oakland. Hymns and Swedish national anthems will be sung.

The musical numbers will be under the direction of Professor Axel Philipson.

Refreshments will be served by the Swedish Young Men's Club of Oakland.

Refreshments will be served by the Swedish Young Men's Club of Oakland.

Refreshments will be served by the Swedish Young Men's Club of Oakland.

THE TRIBUNE operates the largest Lith Printing Plant in Alameda County, doing work at reasonable prices. Phone Oakland 525.

RESINOL STOPS TERRIBLE ITCH

When Other Treatments Gave No Relief,
Suffered Eight Years, but Resinol
Cured in a Week.

Jan. 27, 1914: "I suffered over eight years with eczema. It started in one little place and kept spreading until it covered my hands. My hands looked like they had been burned by fire and peeled off in large places until they were only raw flesh. I was told it was eczema. It itched and burned me so that I could not sleep at night. I tried all sorts of eczema salves and one prescription after another but nothing gave me any relief until I tried Resinol Soap and Resinol Ointment, and after the first application my hands never itched or burned again, and were well in one week. I want every sufferer from eczema to know that there is a cure in Resinol." (Signed) Miss Ethel Scott, Millstead, Ga.

Resinol Ointment (50c and \$1.00), and Resinol Soap (25c), stop itching instantly and speedily heal eczema, and other skin humors, pimples, dandruff, sores, burns and piles. Sold by every druggist. Don't

be deceived by a few unscrupulous dealers. For free trial, write to Dept. 14-R, Resinol, Baltimore.

—Advertisement—

PLAN LOCAL FETE ON COLUMBUS DAY

Various Eastbay Bodies Invited
to Participate in Celebration
October 12.

Invitations will be sent to all the commercial, civic and social organizations in the east bay cities to participate in the big Columbus Day celebration which will be given on the afternoon and evening of October 12 on Lake Merritt and at Lakeside Park. Action has already been taken and a temporary committee has been selected to arrange for a big meeting which will be held July 8 at the Chamber of Commerce, at which a permanent organization will be effected.

Columbus Day has already been listed by the California celebrations committee as the distinctive Oakland holiday and it is planned to make it bigger than ever this year. The city will be petitioned to hurry the work on the municipal auditorium to make it possible to hold a grand gala ball there. The costume ball, which has long been advocated by the committee in charge of the holiday, would be the climax of the elaborate program and would rival the great Mardi Gras of New Orleans and the Italian cities.

There will be the "Discovery of America" in the three canoes of Columbus and his men, the Santa Maria, the Nina and the Pinta, on Lake Merritt, the landing to be at Lakeside Park. A literary and musical program, which will be typical of the day, will be given, and there will be water sports and an athletic program. It is hoped to make it possible to conduct the program on a large scale, and among the features is to be a wonderful pageant, the participants to appear in appropriate costume and to be trained by a carnival expert.

Oakland already has the reputation of a carnival city and with the co-operation of the various organizations it is hoped to make this city known as the playground of the West and to attract visitors from all sections of the country to this annual celebration. Hugh Hogan is chairman of the temporary committee and Alex R. Schmidt secretary.

BAKES BROILS ROASTS TOASTS

A good oil stove does all that a wood or coal stove can do—and does it quicker and easier. There is no wood, coal or ashes to lug. That means light work and a clean kitchen. The

New Perfection OIL COOK STOVE

burns kerosene, the clean cheap fuel. It is scientifically constructed. The chimneys direct a concentrated heat just under the cooking utensils. And the heat can be regulated—just like a gas range. The New Perfection is an ideal stove for home, camp or bungalow. It doesn't over-heat the kitchen; doesn't smoke; doesn't taint the food.

Ask to see it at your dealer's.

HE'S CANDIDATE AGAIN SHERIFF VEALE IN RACE

SHERIFF R. R. VEALE OF CONTRA COSTA COUNTY, WHO IS AGAIN CANDIDATE FOR THAT OFFICE.

MARTINEZ, June 19.—Sheriff R. R. Veale, of Contra Costa county is again a candidate for the office of sheriff and it is his sixth entry into the field where he has done service for twenty years.

Veale is one of the unique personalities of the State. He is known as well in Los Angeles or San Diego as in his home town of Martinez and he cannot walk on any street in Oakland or San Francisco and escape notice from friends and acquaintances. "This is a sheriff who leaves his police star at home and goes in for keeping things astr in his bailiwick to the benefit and advantage of its people and industries. He knows every highway and by-way in his shire. He is a walking city, town and county directory of the county. He can sit down and tell what family lives in the third house to the left of the Tassajara and Danville road. He knows when they are at home and all about their grandfathers and when the oldest daughter was born.

Veale was a farmer in his early days in the eastern section of the county. He is a sort of general manager for the whole county, where it is always "let Veale do it" when it comes to tackling legislature, Congress or the Japanese government and he always gets away with the feathers.

He has been secretary of the Sheriff's Association of California for twenty years. He is dean of the law offices of the State

and doyen of his craft. To have Veale out of the sheriff's office would cause as much of a lonesome feeling over in Contra Costa as the leaving of Mt. Diablo. He is withal a game, kindly, friendly neighbor, an honest, efficient officer. He is all Contra Costa and a good deal California; but he is qualified to do business in Washington, where the solons reign as well as anywhere else. He went back with the Richmond Industrial Commission on the harbor improvement bill and wound up all the time they were there and went right into the board of colonels and stirred them into action. The colonels took a fancy to the man from Mt. Diablo and fished up the report that was wanted forthwith and sent it to the congressional committee. The solons figured that he had moved the board of army engineers to best their usual record of speed by about two years. Veale is all right and besides making his own fight he is booming Balshaw because he is a product of Contra Costa, also. Knowledge for senator and is also urging C. F. Curry for a trip back to Congress. If Veale didn't have plenty to do he would turn Mt. Diablo into a sprouting volcano.

He has a family of three sons and three daughters. Two of them are married and of course to Contra Costans for it would break the Sheriff's heart if any of them were to get out where he not take them into custody occasionally. Veale was born in Sonoma county, but was carried in arms to Contra Costa where his father figured as a rancher of large area out in the Brentwood district. Veale also farmed there, but that was before irrigation became a science and he did not score a fortune. He was among the first to export the Island country and lost a fortune in putting up levees and dikes, but he was a pioneer and now what he started has brought fortunes to others and great wealth to the State.

Veale as a private citizen is not thought of. Without his red automobile and horn of his influence to get things moving in Contra Costa would mean loss to the county and remove from the forefront a man of state wide personality.

SOLDIERS REVIEWED BY CONFEDERATE VETERAN

SAN FRANCISCO, June 19.—A touching scene had its setting yesterday afternoon on the wind-swept heights of Fort Winfield Scott, looking down upon the waters of San Francisco bay and the Golden Gate, when the blue of today paid tribute to the gray of yesterday in a review of the coast artillery corps in honor of Captain W. W. Baker, expedition commissioner for Virginia.

As the review started and the lines of blue-clad artillerymen swept in rhythmic procession over the rolling undulations of the parade ground, the band struck up the stirring strains of "Dixie." The slight group and fatigue from rounds of strenuous entertainment vanished in a moment from the hearing of the warrior from the Old Dominion.

His shoulders squared and a light knitted in his blue eyes. He stood at attention with all the military precision of a former day. He was looking beyond the great guns that frontally protect the Golden Gate, back to old Virginia more than half a century ago, when the youth of the South heard the familiar strains and answered.

WHITE HERONS TO BE SEEN AT EXPOSITION

WASHINGTON, June 19.—White herons for the zoological exhibits of the Panama-Pacific International Exposition can be secured in Lower California, according to information sent to Representative Kahn yesterday by the Department of Agriculture.

The exposition officials wish to secure a number of the birds from the government preserves in Florida, but the Department of Agriculture is unwilling to allow herons to be taken from Florida because of their scarcity.

The birds are plentiful in Lower California.

DOVES MAKE NEST; BUT NOT BY BRYAN

WASHINGTON, June 19.—Two doves made a nest yesterday. They started to build a nest in the eaves of the State, War and Navy building, directly outside the windows of Secretary Daniels' office. If they had only gone where they belonged, to the State Department windows on the south side, there would have been a real news item. However, Secretary Bryan was out of

their nest and Daniels may have been second choice.

20TH ANNIVERSARY SALE

This week we are celebrating our 20th year in this store, the only pioneer Shoe Store of Oakland. "Always busy with small profits beats high prices and no customers."

RAILWAY PIONEER IS SUMMONED BY DEATH

PORTLAND, June 19.—William Har-
der 70 years of age, for the last twenty
years, general agent in Portland of the

Great Northern Railway, died suddenly
of leakage of the heart yesterday morn-
ing.

A life-long friend of J. J. Hill and a
chum of the late Lord Stratford from
the early days of the Hudson's Bay Com-
pany, he was one of the best-known

railroad men of the Northwest. He was
known as the "Grand Old Railroad Man
of the Northwest."

CHAMPION BANANA EATER.
AMES, Ia., June 19.—A. O. Tennes,
a senior mechanical engineer of Sun-

gav, Philippine Islands, near relative
of the last Attorney-General of the
Archipelago under Spanish domina-
tion, retained his championship, won
last year at the annual Cosmopolitan
Club picnic day by eating a banana
in 10 seconds flat.

THE OWL'S 22nd Anniversary Sale

Twenty-two-Cent Day

Business has been good at The Owl Drug Company's stores this week—in fact, we have experienced the greatest week's business in our history.

As a fitting climax to our 22d anniversary week, which has proved so successful, we have decided to call Saturday "Twenty - Two Cent Day," and you will notice that all of the articles mentioned in the list below have been priced at 22c each.

We have saved many of our best articles for this last day's sale, as we want it to be the most popular sale of the week.

We wish to take advantage of this opportunity to thank our many patrons for making our 22d Anniversary one long to be remembered.

"Satisfaction In Every Transaction"

FOUR STORES IN OAKLAND. TENTH and WASHINGTON 14TH and WASHINGTON 15TH and BROADWAY 16TH and SAN PABLO

These Prices for Both Oakland and San Francisco Stores

Are You Registered? If Not, Now Is the Time

State-wide primaries for the nomination of candidates for the United States Senate, for members of the National House of Representatives, for state senators and members of the legislative assembly, for governor and other state officers, and for county and township officers, will be held in California August 25.

REGISTRATION CLOSES JULY 25, AND IT IS IMPORTANT THAT REPUBLICANS SHOULD ENROLL.

The best expression of the will of the people at an election is the fullest expression, otherwise government is conducted by a minority and not a majority as contemplated when the republic was formed by the fathers.

takes the most active part in the selection of officers to execute its laws and takes the most active part in the making of such laws on a just and equitable basis for all men.

The coming election in November is of the utmost importance to California as a commonwealth, and to Alameda County as a political subdivision of that commonwealth.

Not alone does this importance apply to the choosing of men and women to administer affairs of nation, state and county—although all these should be selected with an eye single to the future greatness of all—but there are numerous propositions included in the direct legislation plan that should be given careful study and thought and a decisive affirmative or negative result recorded to the end that there shall be no mistaking the sentiment of the electorate; no doubt as to its position, and that when its judgment shall have been made there will be no excuse for reviving any plan affirmed or rejected.

The future of California depends in a large measure on the action taken by its voters at this primary, and that which affects California applies with equal force to Alameda County.

THE TRIBUNE urges a full registration to the end that there shall be a complete expression of sentiment at the polls and while the time may seem ample, the best time to register is to DO IT NOW! Delays are dangerous. Something may arise to prevent action later on. REGISTER TODAY and qualify as a participant in the November contest

Humanity Owe's Debt to Snake.

According to the Book of Genesis the serpent was cursed for having beguiled Mother Eve, the ground was cursed for Adam because he allowed his partner to tempt him into partaking of the forbidden fruit, while the sorrows of our common mother were multiplied for the reason that she yielded to the subtle arguments of the snake. But while the punishment imposed on the reptile has apparently continued and the seed of the woman has bruised his head, and his head has bruised the heel, a review of the events since the transaction in Eden apparently demonstrates that the curse imposed on the ground has proven a blessing instead.

For while thorns and thistles have been brought forth, and the burr dock has infested the cabbage rows; while man has fulfilled the mandate that in the sweat of his face he should eat bread, all this has developed that admirable trait of character in humanity known as industry. In pursuit of the sustenance necessary the human race has overcome the greatest difficulties, solved some of the greatest problems. At first content to live on the animals found in the forests in which he sought shelter, man discovered himself growing so numerous as to demand other foods. The "herb of the field" was augmented by the cereal and the sea and river forced to pay tribute. The various tribes, now the great nations, interchanged commodities and commerce was born, and has grown until the oceans of earth are swarming with ships, while the steel rails of the transportation lines penetrate nearly every country on the globe.

Looking at the history of the event from its various angles many, if not all, in fact, of us are glad Eve was tempted, glad she yielded, glad Adam joined the chorus, for had this not been we would doubtless be running around naked under the banana trees, leading a sort of dolce far niente existence with none of us amounting to a hill of beans.

There is another phase to the affair, too, that may seem trivial, but it is not by any means. We are indebted to the serpent for the invention of clothes, the slit skirt, the flowing robe, the peek-a-boo waist, the V-shaped corsage, the tight sleeve, the loose, in short everything pertaining to apparel, male, female and infantile. For it was eating the apple that caused our first parents to discover they needed something in the shape of covering, and but for the serpent the apples never would have been eaten.

Colonel John F. Murray, formerly secretary of the Democratic state committee, says Scotch schools are superior to American. But then everyone knows John.

The colonel is quoted as having told the Bishop of London he is very little interested in dogmatic theology but is very much interested in its practical application. Some folks entertain similar ideas as to mustard.

John D. Rockefeller isn't the only oil magnate to cut a melon. California's independent producers have just declared a \$228,000 dividend.

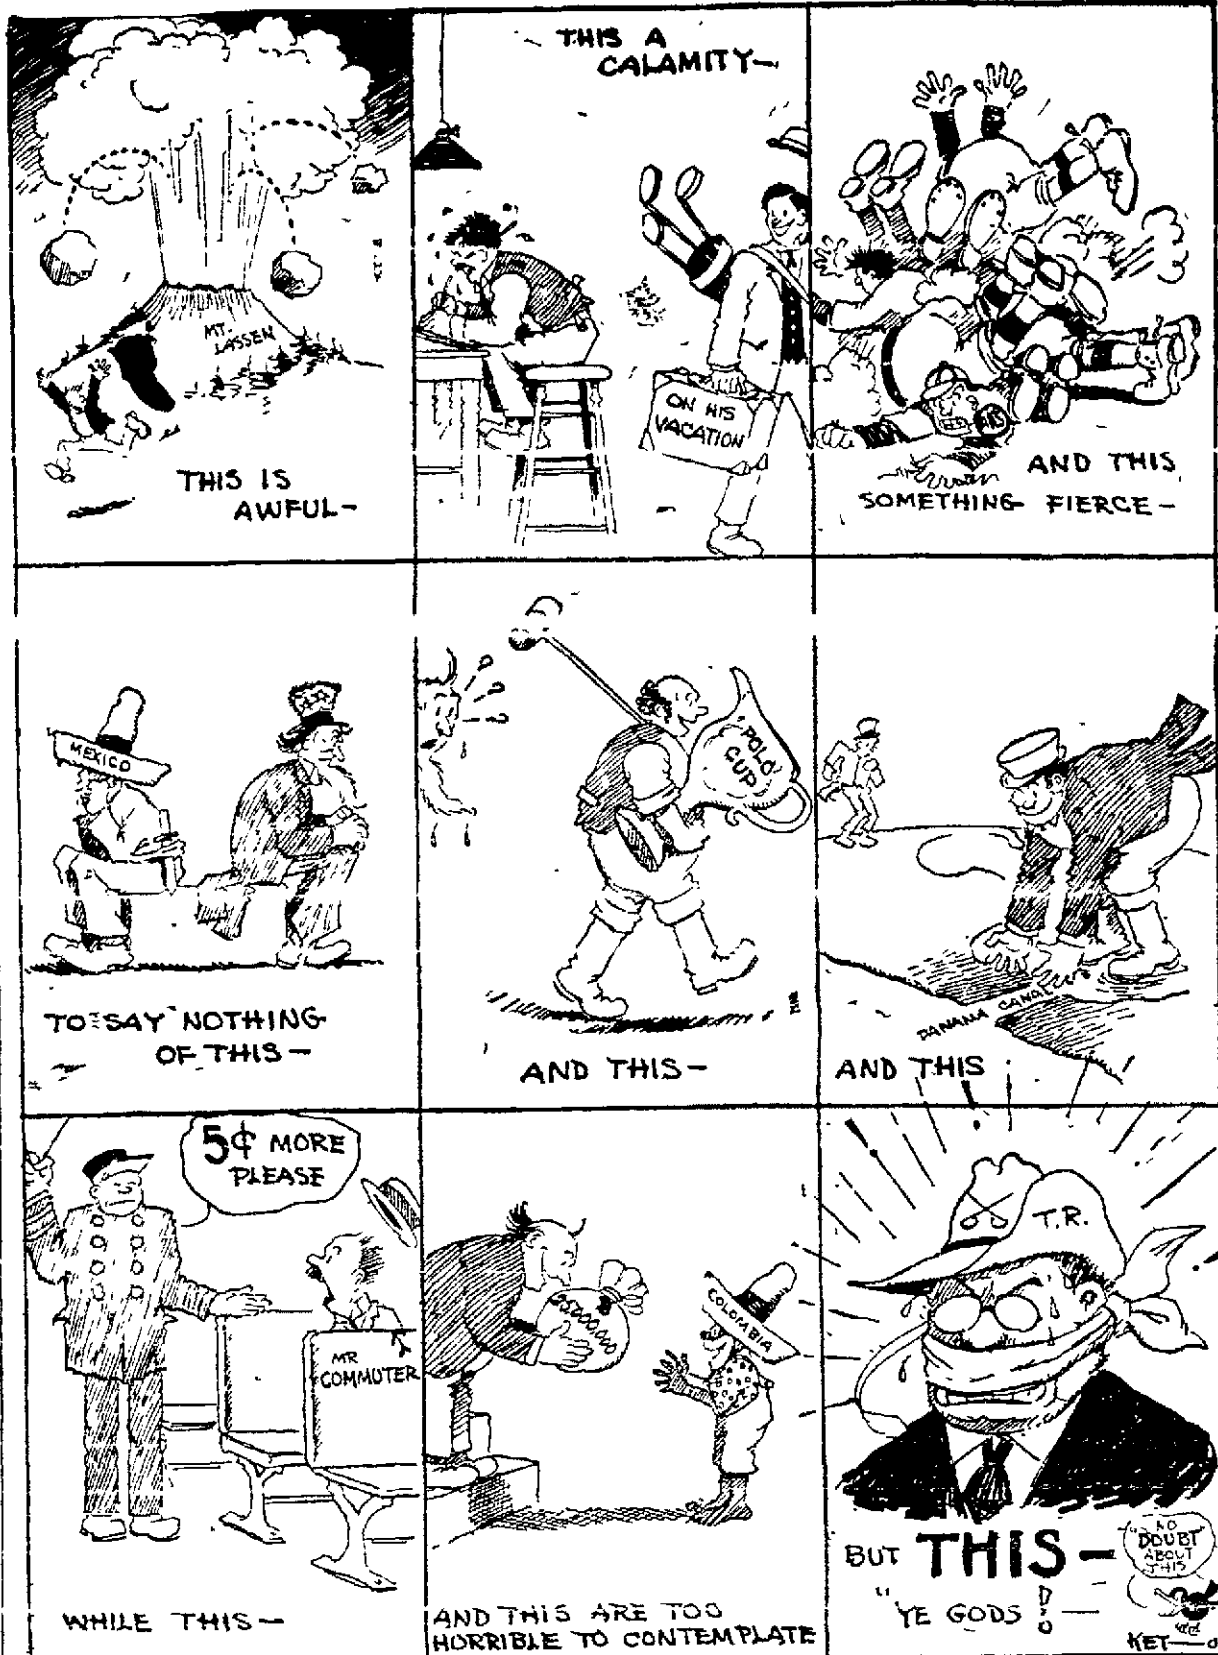

Speaking of conditions in the so-called republic to the south, it is noted that everything appears to be oil right at Tampico.

The question of selecting a place in which to enjoy a summer vacation is not half so important as the problem of raising the price necessary to enable one to get there.

Watch out for a Carranza declaration that Villa is a villain.

Poor Mexico! The rebels are now going to rebel against the

IS IT POSSIBLE?

NEWS ITEM—Colonel Theodore Roosevelt is suffering from an affection of the larynx and will not be able to talk during the coming campaign.

Skunk Skin Trade Increases.

The skunk, or polecat—the latter title having been applied, according to the late Josh Billings, because a pole was the best implement with which to accomplish the animal's death—is not a popular institution in the United States, although he is a money-maker and brings to the trappers of this nation about \$3,000,000 yearly. He is second in importance only to the muskrat in the fur bearing animal list, his hide being worth from twenty-five cents to \$3.50, according to color. While the people of his native land do not admire the skunk for either his fur or his fragrance, Europeans do, because the skin wears well and the fur has a luster second only to Russian sable in appearance.

Therein lies a story. While the American grand dame would scorn to wear skunk furs she delights in imported black marten or Alaska sable, hence our European neighbors have evolved a method by which the odor is eliminated and the fur subjected to a treatment which makes it so close in resemblance to the sable or marten that only an expert can tell the difference; hence we have the spectacle of the best women of the land proudly arrayed in the furs of the humble and odoramental skunk, all unconscious, as she boasts of her imported array that the sable cloak she wears once covered a whole delegation of the loud smelling and despised polecats of her own dear native land.

Jealous no doubt of the reputation being achieved by Mt. Lassen, Katmai, Alaska's volcano, has indulged in another eruption.

A possible explanation of Villa's attitude toward Carranza may be found in the fact that the former owns a half interest in a moving picture film producing concern, and the more hostilities the more photographs.

Cleveland, Ohio, proposes a sanitarium in an airship which will be anchored at a height of 2000 feet. Intend giving the patients a touch of high life, so to speak.

England's militants have demonstrated that the hand that rocks the cradle can also throw the rock.

Wisconsin's supreme court having sustained the eugenics law compelling male applicants for matrimonial honors to undergo blood tests prior to the ceremony, a rush to Gretna Greens across the state line in all directions may be predicted with confidence.

There is some compensation for the A. B. C. mediators even if peace efforts are unavailing. Yale has started bestowing degrees, the ambassador from Argentina having been dubbed LL.D.

Mt. Lassen evidently belongs to the Volcanos' Union; it is noted the crater took a day off Wednesday.

A pointer for the apple men of the Pajaro Valley and the Gravenstein district around Sebastopol lies in a statement by an American consul in Argentina who says that American apples imported by that country are bought of commission men at Southampton, England, where they are repacked after receipt from the United States.

The Stockton Record is once more inferentially scolding the voters responsible for the initiation of the eight-hour law. The Record appears to have little use for direct legislation save when its own views are initiated.

An eastern exchange is responsible for the statement that a whole lot of men need self-starters. By the same token there are a number who require emergency brakes.

Twenty Years Ago Today

The Ruby Hill Vineyard Company of this city incorporated to deal in all kinds of vineyard products. The subscribers to the capital stock are John Crellin, Delmas Crellin, Thomas A. Crellin, Charles L. Crellin and Ernest W. Crellin.

A movement is being set on foot in Berkeley to call an election for re-incorporation. The present time is believed to be fit for the triumph of the advocates of our government, as there is considerable dissatisfaction expressed with the inconveniences of the present municipal government.

The El Nido Club of Alameda has filed articles of incorporation with the county clerk. The purpose for which the corporation has been formed is to promote and cultivate good-fellowship among the residents of Alameda. The subscribers to the capital stock and the directors are Charles S. Neal, Joseph A. Leonard, Harry Severing, J. H. Harbawner, Fred Jones, Thomas C. Stoddard, Isaac P. Allen, J. T. Fleming and J. W. Goodwin.

Joe Bouquet, the popular Sixth warder, will leave for the state convention.

Mr. and Mrs. Isaac Upham are at San Rafael.

The engagement of Miss Anna B. Thompson and James Sutter of this city is announced.

Miss Hattie Rand of Alameda and Robert Irwin of San Francisco were wedded at the residence of the bride's stepmother in Piedmont.

The engagement of Miss Genevieve Wordsworth of this city to W. T. Blakely of Alameda is announced.

A pleasant family reunion took place at the residence of Mr. and Mrs. John M. Foy, Berkeley, around whose hospitable table were gathered Mr. and Mrs. Sam C. Foy and their daughters, Misses Cora, Edna and Florence Foy, Mr. and Mrs. Tallies Evans and their daughters, Misses Annie, Cora, Lella and Minnie Evans of Oakland and Master Macy and Miss Hazel, the son and daughter of the host and hostess, making sixteen in all.

FAME'S PATHWAY

The Duchess of Marlborough, who will pass the summer in Newport, will leave England for America on June 20, and will be at the Marble House with her mother Mrs. O. H. P. Belmont, through July. Mrs. Belmont will give many entertainments for the duchess. Among these will be the opening to her friends of the new Chinese tea house on the Cliffs on July 5, which event will take the form of a reception. Arrangements also have been made for several dinners, followed by dancing, which will be given in the villa colony for the duchess.

As the London season advances it becomes abundantly clear that debutante honors will go to an American girl whose beauty and wealth have placed her, almost at one bound, near the top of the social tree.

She is Miss Frances Leggett, daughter of Mrs. Francis H. Leggett, of New York. As a great heiress in her own right and the daughter of a popular mother, this American girl will have an easy road, and already is considered a fine match. Mrs. Leggett's progress in London society has been directed by the Duchess of Rutland, whose daughter

and Miss Leggett is also Leggett's closest chum. Another intimate is Nancy Curran, Lady Curran's daughter. The three are known as "Three Graces."

RICHES IN THE JUNKPILE

The value of the "secondary metals," exclusive of gold, silver, platinum and iron, recovered in the United States in 1913 was \$72,845,000, according to J. P. Dunlop of the United States geological survey. Even this large figure is a decrease compared with 1912, when the value was \$77,396,000.

The term "secondary" is applied to metals recovered from scrap metal, sweepings, shavings, drosses, etc., as distinguished from "primary metals," which are derived from ore, but without implication that the secondary metals are of inferior quality. The survey figures reveal only in a partial way the vast extent of the waste-material industry, which yearly becomes greater and better organized.

Steel reused exceeds that of remelted brass, and the value of old rubber and paper stock amounts to many millions of dollars. For a few purposes requiring special purity of material it is necessary to employ a general rule secondary metal can be

CONTRACT GIVEN TO FURNISH HALL

Council Also Permits the Key Route to Shift Service for Repairs.

Contract was awarded to the Rucker-Fuller Desk Company of Oakland and San Francisco today for the furniture for the city hall, on the company's bid of \$13,544. The company will commence to deliver the furniture within thirty days and will complete the furnishing in sixty days.

The bid of the Oakland Furniture Company, which was lower than that of the Rucker-Fuller concern, was thrown out because it failed to comply with the letter of the bid.

The furniture list includes desks, chairs, tables, book cases, stools, couches and umbrella stands, and other furniture. The special furniture for the council

REROUTING PERMITTED.

The council passed a resolution granting permission to the San Francisco-Oakland Terminal railway to run their heavy "Key" route from the city hall to the city hall, on the company's bid of \$13,544. The company will commence to deliver the furniture within thirty days and will complete the furnishing in sixty days.

The furniture list includes desks, chairs, tables, book cases, stools, couches and umbrella stands, and other furniture. The special furniture for the council

strip in the name of the Key Route, but as it is essential to the public convenience, the temporary permit was granted. The action of the council was endorsed by the Chamber of Commerce and other civic and commercial bodies.

The Alameda County Tax Association filed resolutions with the city commissioners today opposing the granting of the schedule of one day off in five 24-hour days in the Fire Department. The Tax Association objects to the increase in the payroll, and to the passage of the ordinance causing the increase, when it is opposed by Commissioner Turner. The council today gave the ordinance providing for the schedule of days off in the fire department passage to print after its second reading. Commissioner Turner was not present at the meeting of the council, but came in after adjournment and inquired anxiously as to the council action.

LAUNDRYMEN BID FOR CONVENTION

The Oakland Delegation Goes Armed for Contest at Sacramento.

With plans complete for their campaign, the Oakland delegation of the California Laundrymen's Association to Oakland, the delegation from this city, consisting of about ten prominent laundrymen and owners of Oakland, left today for Sacramento where they will wage their contest for the next meeting of the organization.

The delegates were headed by Secretary Joseph N. Burroughs and President Ferguson of the Oakland Laundrymen's Association. They will remain in Sacramento until Sunday, during meetings of the organization.

The laundrymen's convention is attended by about 500 delegates from all portions of the state. They discuss modern laundry methods, legal protection of business and other matters of interest to laundrymen.

The Oakland delegation left this morning armed with Oakland literature and other aids for their campaign. It is expected that the decision of the body on the convention place will be made today.

BANKERS DENY FRAUD: SENATOR ASKS INQUIRY

WASHINGTON, June 18.—A telegram from Brown Brothers and Shipman & Co., New York bankers read in the Senate today on presentation by Senator O'Gorman, and denying they had profited from the Newacran bond issues, brought out a demand from Senator Smith of Michigan that the bond issues be investigated.

The telegram declared Senator Smith's resolution charging the bankers with large profits was incorrect and a baseless accusation.

The telegram declared that he had thoroughly investigated the Newacran bond issues before the introduction of his resolution. Senator Smith said.

"On my responsibility to the country as an American senator I allege that the indebtedness now sought to be validated and imposed on Newacran is in the main fraudulent and ought not to receive the approval of the senate."

SENTENCES IMPOSED IN COUNTERFEIT CASE

SAN FRANCISCO, June 19.—After both of their wives had escaped prosecution and they themselves had been found guilty of a charge of passing spurious bills, Davis Purkerson and Albert Hart of Santa Rosa were sentenced today by Federal Judge Dooling to pay fines and serve terms in prison.

The two, who were caught with Harry Irwin and Emmet Cochran, are alleged to have conspired together to pass counterfeit currency. Mrs. Purkerson and Mrs. Hart are said to have handled some of the paper and all save Cochran were arrested. The government did not desire to prosecute the women and they were released. Today Purkerson was given a sentence of six months in the Alameda county jail and Hart was fined \$100. Irwin is still awaiting trial.

Cochran is alleged to have sent the currency to Irwin and used to purchase various articles. The federal authorities say that Cochran is a notorious counterfeit.

ONCE DENIED DIVORCE, WOMAN FILES NEW SUIT

SAN FRANCISCO, June 19.—Mrs. Ida L. George, formerly Ida L. Austrian, who was denied a divorce decree and later allowed by Charles E. George, attorney at law and late publisher of a law and bankers' magazine, began a second action here today.

Judge Griffin, after a long and sensational trial, denied Mrs. George a divorce on the ground that she had not established her case.

George, as she claimed in Montreal, in 1928. She asked at that time for half of the community property. In her new suit she sought a divorce and asked for property.

To Present Play Many in the Cast

MISS EMMA HAY

FRUITVALE, June 18.—The dramatic sections of the Young Ladies' Sodality and of St. Joseph's Society of Fruitvale, are preparing for the presentation of a three-act drama, entitled "A Knight of Old Japan," written by Mrs. May R. Lindley of Oakland, a member of the Writers' Club.

The plot is founded on the ancient code of chivalry of old Japan, which in its application to modern thought and customs often-times results in curious and humorous complications.

The play will be produced at the S. J. S. Gymnasium in Fruitvale on the evenings of June 28 and July 1.

The following is the list of characters: Captain Jack Hicks, U. S. N. George Winston, his wife, A. J. Miller

Marion Winston, his wife, E. J. Miller Margaret Day, Miss Marie Kiesel Katharina, a young German girl, Miss Irene Kessel

Karl Eckart, a German brewer, Frank Bucher Father Clifford, Newton Reynolds Frank Nesson, Thomas McGreehan James Ward, license clerk, Justine Schmidt

Naka, a Japanese servant, Yamaguchi Kikugiro

AID SOCIETY GIVES CONCERT AT INFIRMARY

SAN LEANDRO, June 19.—The Catholic Ladies' Aid Society Branch No. 3 of Alameda organized a delightful entertainment on the infirmaries last night in which a number of young folk entertained the inmates with song and dance.

The numbers on the attractive program included vocal solos and dances by Mary Spence, dances, Berenice Prates, songs by Nellie Quill and Raymond Chandler, and a piano solo by Louise La Fevre. In the evening, Nellie Quill and Raymond Chandler, refreshments were served after the entertainment. Dr. C. A. Willis and the others of the infirmaries staff aided the society in making the concert a success.

WIRE LASH FOR HORSES.

SAN FRANCISCO, June 19.—Frank Priella was arrested on a charge of cruelty to animals this morning for using a wire lash on a team of horses. Priella was moving his team on the Mission road when Special Officer P. E. Mahoney came along and noting the wire lash, took him into custody.

To Keep Skin in Fine Condition All Summer

It would be much better for the skin if little cream, powder or rouge were used during the heated time. Mixed with perspiration, dirt and grime, these things are anything but beautiful. Ordinary skin cream will do more for the complexion and without giving an oily, greasy, or sticky appearance. It is the ideal application for the season, as it not only keeps the pores clean but daily removes particles of dirt and grime. By constantly keeping the complexion clear, white, satin, it does more toward perpetuating a youthful countenance than any of the arts or artifices commonly employed. One ounce of melted vasoline was obtainable at any drugstore, will completely renovate the worst complexion. It is applied at night like cold cream and washed off in the morning.

To keep the skin from sagging or wrinkling, or to overcome such condition, there's nothing better than a face bath made by dissolving 1 ounce powdered vasoline in 1/2 pint with hazel.

DANCES LEAD TO RECALL THREATS

Moonlight Affairs at Hayward Will Be Stopped by Trustees.

HAYWARD, June 19.—Following threatened recall proceedings, a stormy scene in the trustees' chambers when clubwomen demanded the abolition of "moonlight dances" at a local park, and Trustee S. J. Simons refused to second a motion of Trustee Frank J. Hoefling, it is declared that the next session of the trustees will see the matter amicably settled. While Simons may not vote, it is declared there are enough votes in the council to overrule him and it is declared that, in deference to the demands of the clubwomen the dances will be stopped. It is believed that threats of recall were partly responsible for the trustees' decision.

The women's fight against the "moonlight dances" resulted in a stormy session of the trustees. The women, alleging that the dances at Laurens Grove were orgies, demanded that no more dances be held there. The trustees, however, have since declared that he opposed the dances before a law covering the case was drafted, and that this caused a misunderstanding. He had no intention, he declared, of upholding the dances, but simply desired to have the prohibition voted in a proper manner. Simons is in the soda-water business.

The campaign against the "moonlight dances" was started by Mrs. H. F. Allen, president of the Hill and Valley Club. Mrs. B. P. Giddings, president of the Union Civic Center, and Mrs. McKee, mother of the Daughters of Isabella, and several others.

HEALY FILES APPEAL TO ADMIT HINDUS

SAN FRANCISCO, June 19.—Proceedings which may have an important bearing on Hindoo immigration into the United States were begun today in the federal court by Attorney Timothy Healy. An appeal was filed with the United States district court of appeals from a decision by Judge Dooling, refusing to admit 12 Hindus who had been brought here from the Philippines. Healy claims that as the Hindus bore certified articles of admission to the Philippines they were also entitled to enter the United States. He claims that as the Philippines are under possession of this country, the landing of foreigners, on their shores is identical with their being received into the United States and that therefore they are entitled to travel from on part of the country to the other.

Judge Dooling originally held that the immigration authorities were all powerful and as they had been barred out by the department of labor they could not be legally admitted.

CYCLISTS RIDE DOWN MAN AND SPEED AWAY

Al Segehorn, 2923 Fruitvale avenue, was taken to the East Bay Sanitarium today suffering from injuries sustained when he was run down by a motorcycle at Sixteenth and Peralta streets last night. The police are searching for the motorcyclist who ran him down and then rode away without attempting to assist his victim.

TO OBSERVE TWENTIETH WEDDING ANNIVERSARY

DECOTO, June 19.—Mr. and Mrs. Silva of Decoto will celebrate the twentieth anniversary of their wedding at a ball to be given in Silva's hall here on the evening of Saturday, June 20. The popular couple have sent out invitations to many of their friends in Decoto and other towns to the affair which has been planned on a scale worthy of the occasion. Mr. and Mrs. Silva have been long residents in this section and are receiving congratulations from all quarters.

U. S. PROVIDES FOR HARBOR WORK

KNOWLAND IS CHEERED AT UNION MEN'S BIG BANQUET

ENDORSED BY ENGINEERS' ORDER

Congressman Is Greeted With
Enthusiasm by Large
Organization.

Cheered to the echo, voted a unanimous resolution of support by the union and pledged all support possible in his campaign. Congressman Joseph R. Knowland was the honored guest last night at the annual banquet of Local No. 509, International Union of Steam and Operating Engineers. The affair was attended by the engineers and their women's auxiliary, a large crowd, filling Starr King Hall, where the affair took place. President William B. Josephs, who was elected at the business session last night, was in the chair.

Congressman Knowland, who has often worked with the union officials, was tendered an ovation when he appeared on the stage in the lower hall, where the speeches were heard before the banquet took place. He spoke following the adoption of the resolution, which was at the business session.

Touching on the importance of California and the coming Exposition, Congressman Knowland declared that the East scarcely had an idea of the greatness and power of California.

MANY WILL COME.

"But there are many coming here," he declared. "Realizing that they are going to see a great state and see a great exposition. But California is the greatest exposition in the world, and they will realize that, too. They exceed their expectations. And if we didn't have enough with our orange groves, our grapes, our flowers—now we have a real live volcano to add to the list!" (Laughter.)

"We must be ready in Oakland to show our city, a city of a wonderful future. We have room for these visitors."

KNOWLAND SUPPORTERS ENGINEERS WILL RALLY

WHEREAS, Joseph R. Knowland, now our representative in Congress, has aspired to the high office of United States Senator, and

WHEREAS, we deem seventeen years of true and faithful service to the people of his State and his country deserving of a proper reward, and

WHEREAS, we feel that this promotion is not only one well and nobly earned by our Congressman, but will place him in a position to still further and better serve his people; therefore, be it

RESOLVED, that Local No. 509 of the International Union of Steam and Operating Engineers does hereby endorse the candidacy of said Joseph R. Knowland, and does hereby urge its members to rally to his support in the coming elections.—Unanimous resolution passed last night by Local 509, Steam and Operating Engineers.

itors here in our state and when people see California they go away dissatisfied with any other locality in the United States. If we could raise funds and send all you people East you would return such boosters for California that the booster organizations would be jammed until they were out of business!

"Now, I did not come here to talk politics tonight, but I have been asked just to say a few words along that line."

"This year I enter in a contest unique in the history of the United States; for it is the first time the people by direct vote will choose their United States Senator. It is to be a severe contest. There are 300 miles to cover in it."

"Once, in Congress, I had occasion to show a map of this coast. On the Pacific Coast there was California and on the Atlantic coast there were ten small states. In other words, I am contending a campaign here that would be a campaign over ten states in the East!"

WAS FOR DIRECT VOTE.

"I voted for that amendment by which direct election of Senators is possible. I am proud to have voted for it. I believe that any man whose record is clean need not fear the electorate anywhere in the United States. I have no fear of the voters in California."

"I may have erred, and erred often; I am only human and we all make our mistakes. But no man has ever questioned my integrity, and that is worth more to me than any office in the United States."

"I have endeavored to represent California, and more than that, the United States. While in a measure I am in partisan politics I am, above all, an American citizen; voting, irrespective of party, on what I believe to be for the best interests of the United States. I have often communicated with your organization at different times. I think you will agree with me that you have always received prompt answers and consideration, and you would agree that you wanted because you have always been reasonable."

"I have, beside me in this campaign, my good wife, who feels that no one has a deeper interest in my success than she; and she is going with me because she believes that women have as much interest in these public matters as men. She can tell of the suffrage contest in Congress."

SAYS WOMEN VOTE WISELY.

"We have suffrage in California, and the women have demonstrated their ability to cast their vote as well as the men. We want suffrage everywhere in the United States. So I am proud to have my helpmeet with me."

"I am sorry that she is not here now, but she had to go to another banquet because of a previous engagement. I hope to introduce her later in the evening. But I want the help of the women of California."

"In the legislature I was a pioneer in voting for suffrage. It

(Continued on Page 15, Col. 2)

SERVE NOTICE OF INTENT TO USE CANAL

Six Steamship Lines in Waiting for Opening of Panama Waterway.

WASHINGTON, June 19.—Six established steamship lines already have served notice upon the Panama canal management of their intention to make regular use of the waterway. One vessel from the west coast ports of South America will be at the Pacific rates of the canal July 3, asking to make her way to Liverpool by that route and thus to initiate a fortnightly service between Liverpool and the west side of South America. An American steamship line now operating four steamers on the Pacific side and six on the Atlantic is awaiting the opening of the canal to merge all ten into a regular line between San Francisco and New York.

HAWAIIAN SUGAR WAITING.

Hawaiian sugar, which has already begun to come through the canal on barges, being trans-shipped at either end, will be carried in unbroken cargoes from Honolulu to New York just as soon as Governor Goethals gives the word that regular steamship may use the waterway.

The most ancient of British colonial bodies, the West India Company of London, which was established in 1750, has expressed a desire to be represented at the official opening of the Panama canal and its request is under consideration by the committee in charge of the ceremonies.

PRIVATE OWNERSHIP ENTERS.

PANAMA, June 19.—The first private owned ship entered the canal, which heretofore has been sacred to government craft, when the Santa Clara of the Pacific-Atlantic Steamship Company, of San Francisco, docked yesterday afternoon. She carried the members of the diplomatic corps and many other prominent persons.

TWO BILLIONS MORE BUSINESS.

CAPE MAY, June 19.—"The opening of the Panama Canal will mean two billion dollars more business each year for the United States," declared O. P. Austin, formerly of the Federal Department of Commerce, in an address yesterday before the convention of the Maryland Bankers' Association.

By using the canal, he said, shippers in Eastern seaports will save thousands of miles to ports in China, the Philippines, Australia and New Zealand, and will be nearer them than in London, even by the use of the Suez canal. Mr. Austin suggested that the government construct an inland waterway in the great lakes section of the country, "which would reach into the interior for 1500 miles and send forth great amounts of freight."

Arson Suffragettes Set Fire to Church

LONDON, June 19.—An attempt to burn a church at Beckenham, a southern suburb of London, was made last night by an "arson squad" of militant suffragettes. The flames were quickly extinguished and the damage was small.

MINERS TO SECEDE

Butte Insurgents Seem Likely to Quit the Federation Forever.

BUTTE, Mont., June 19.—The executive committee of the insurgents of the Butte local No. 1 of the Western Federation of Miners held its first session today to formulate a plan of future action. The committee was empowered to do this at two meetings of the insurgents yesterday.

The plan is to be disclosed for the first time at a general meeting of the miners on Sunday afternoon. From remarks made at the meetings before and after the committee was instructed, many of the insurgents believed the local miners were forever through with the Western Federation of Miners.

A letter read at the meeting last night alleged to have been found in the dynamited safe of the officers of the local union, showing that the general secretary-treasurer of the Western Federation of Miners had sent \$450 here, part of which was to be given to a deputy sheriff for expenses, influenced many of the local miners against the federation. Mayor Duncan announced that he had decided not to push his mediation plan for the present. He will take no further action toward bringing about peace between the factions of the metal miners' union until after Sunday, when he will know of the plans of the insurgents.

MINERS TO SECEDE.

Charles H. Meyer, president of the Western Federation of Miners, arrived today from Denver and will attempt to bring about peace in the disrupted union. James Lord of Washington accompanied Meyer.

The federation president went into consultation with J. C. Lowmyer, the only federation official who has been here since Sunday.

POET'S RAREST DAY FOUND IS TRIBUNE DAY AT IDORA

"What is so rare as a day in June?" wrote James Russell Lowell, little dreaming that he had penned a phrase that would become a household expression throughout the land. The poet was right—there are rare days in June, and the rarest of them all will be June 30th.

That will be the last day of the month, it will fall on a Tuesday and it will be TRIBUNE DAY at Idora Park. Take your pocket diary and make an annotation opposite that date. Keep it free from all other engagements, for you will want to spend part of it in one of the greatest fun frolics you ever had.

"You" means any reader of THE TRIBUNE. You need not be a "Constant Reader" or an "Old Subscriber" to enjoy this outing, which is planned for the entertainment of the thousands of patrons of THE TRIBUNE. As long as you live in the bay region and can reach Idora Park comfortably, you will be welcome.

When you reach the park you will not have to pause at the "How-Many-Please" Window. Just present a ticket from THE TRIBUNE and the turnstile will click for you. Not only that, but every concession in the enclosure will be yours for enjoyment without cost. THE TRIBUNE will be

host for the day and will foot all the bills.

Every man, woman and child will be welcome to the park on that occasion. Free tickets will be distributed by THE TRIBUNE, good for afternoon or evening, with free

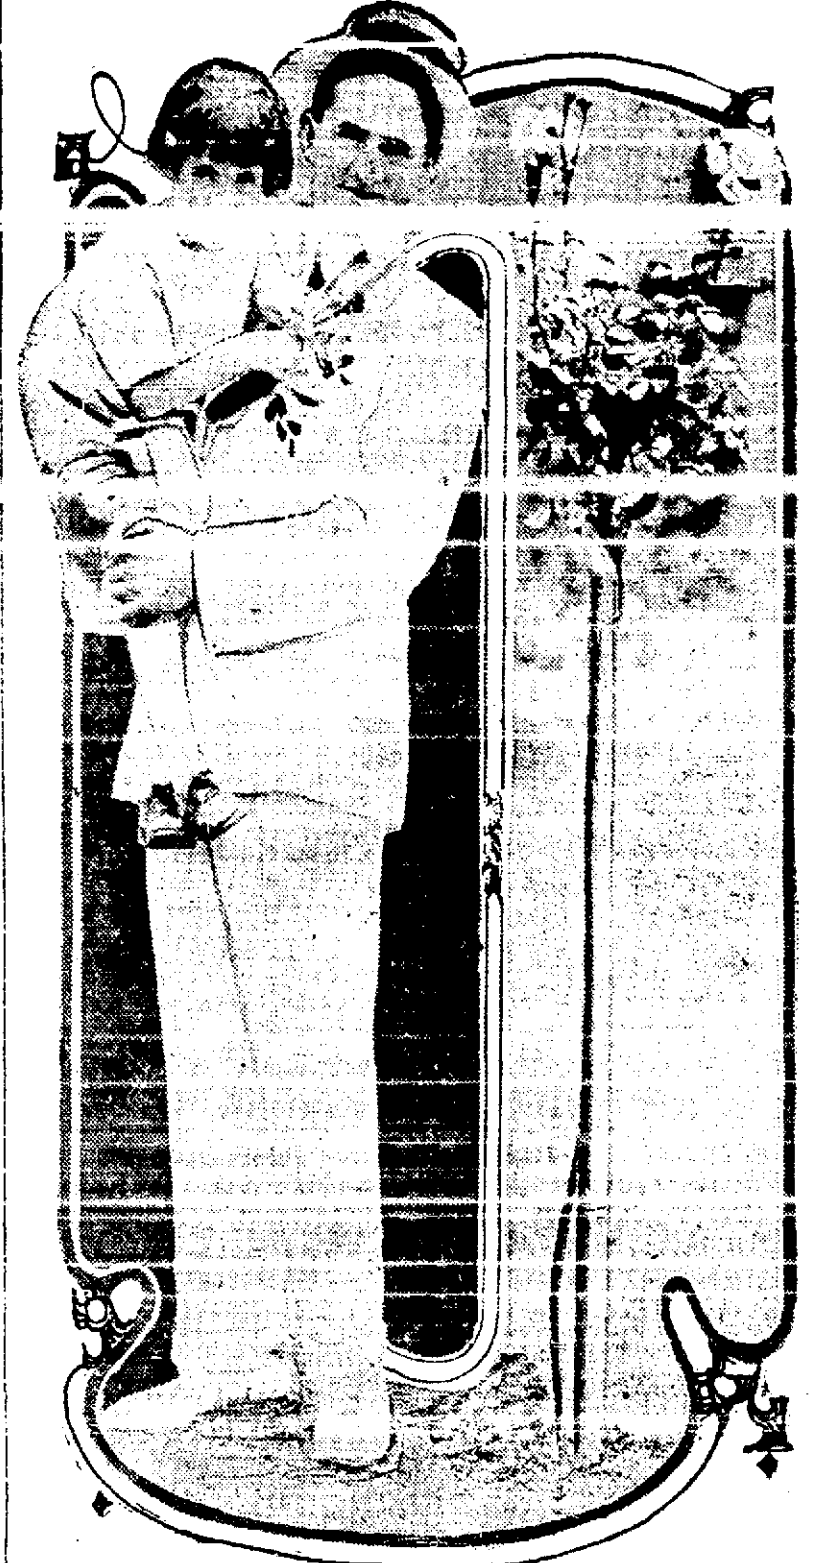

IDORA PARK

DOOR PAID AT BEAR!

passes to the concessions. That means free transportation on the miniature railroads, free slides down the rapids, free slides down the corkerew mountain, free flings into the social whirl—

GUARDS ROTARIAN ROSE PRESENTED TO OAKLAND

MARTHA LOUISE BILLETTE, GUARDIAN OF ROTARIAN ROSE, PRESENTING FIRST BLOSSOM TO FRED SPOERI, PORTLAND ROTARIAN.

Little Martha Louise Billette and Fred Spoeri Exchange Courtesies

The unseasonable rain this morning brought pleasure to at least one denizen of Oakland—Little Martha Louise Billette—as she gazed from a window of the Hotel Oakland and saw the drops slanting into the courtyard.

"Oh," she cried, "the Rotarian rose is getting watered and it's going to grow!"

Martha Louise has a particular interest in the red rose bush that stands freshly planted in the court of the hotel, as she was a participant in the ceremonies with which the Portland Rotary Club delegation

presented the shrub to Oakland yesterday afternoon. She saw the spade break the ground, she stood in the circle of the great wheel as the dedicatory words were spoken—and best of all—she was presented with a rose from the bush by Fred Spoeri, manager of the hotel.

Telegraph Company of Portland, Ore. With true California hospitality Little Miss Billette at once offered the flower to Spoeri. "You must wear this for Oakland," she said. "You have given us the bush and now we give you the first blossom."

Spoeri is far from short in stature and it would have been a long reach to pin the flower upon his lapel. So he picked up Martha Louise and held her while she fastened the rose as a boutonniere.

"I accept the rose," he said, "and I appoint you chief custodian of the bush that bore it. Watch it well!"

Therefore it is that Martha Louise Billette gleefully watched the rain this morning as it slanted into the courtyard.

ESTUARY WILL BE MADE NEPPER

Plans Include Turning Area and Island in Brooklyn Basin.

In the rivers and harbors bill, favorably reported in the United

States Senate, is made of \$98,000 for improvement and maintenance of Oakland harbor. The money is to be expended during the coming year on dredging the Oakland estuary east of the Webster street bridge.

The plan of improvement recommended by the United States army engineers includes the dredging of the channel to a depth of 25 feet. The width will be 300 feet and a horse-shoe will be dredged in the Brooklyn basin to form a turning basin, with an area left in the center which will ultimately be reclaimed as an island.

The rivers and harbors appropriation bill sets aside a total of \$1,326,000 for work in California as follows:

Improving San Francisco Harbor	\$5,000
Improving Oakland harbor and for maintenance	\$9,000
Los Angeles harbor, dredging east and west basins	\$75,000
Improving Los Angeles harbor, \$200,000, aggregate appropriation	\$200,000
Richmond harbor, dredging	\$100,000
Maintenance channel through Pile Point, San Pablo Bay	\$5,000
Improving Humboldt harbor and bay, jetty, at entrance	\$25,000
Improving San Rafael creek, Napa river, improving (no expense to be incurred by the government for acquiring land needed)	\$5,000
Petaluma creek (needed)	\$5,000
Sacramento and Feather rivers	\$25,000

RUNAWAY YOUTH LOSES WORLD-SEEING DESIRE

Adventure and globe-trotting pulled up John Anderson, eight years of age, after he had been away from home over night on his way around the world. John ran away from home, 1231 High street last night. The run commenced his father for traveling and he took refuge in a lumber yard. This morning he came home for some dry clothes and breakfast, and explained that he did not care so much to see the world.

JOS. R. KNOWLAND MEETS UNIONISTS

Congressman Is Greeted With Enthusiasm by Large Organization.

(Continued From Page 18)

was not a popular vote then; men hesitated—but I did not, and I am proud of it.

"I have stood on the floor of Congress fighting the freight white slave traffic, and urging big appropriations that the Government might do more in wiping out this evil.

"I have stood on the floor against the surrender of the Panama Canal to foreign power.

"I would rather go down to defeat than to have receded from the stand I took in the matter. (Applause.) I took that stand in the conscientious belief that we were not violating the Hay-Pauncefote treaty in aiding our coast traffic cannot be compared with the British. People do not realize the meaning of this act of surrender.

TOLL ON WARSHIPS.

"Why, it means that we cannot pass our own battleships, colliers, transports or lighters through the canal without paying toll. Think what a terrible setback it would be in time of war! England not only questions our right to handle our own ships, but also our treaty rights with Panama. Ten years ago the treaty was made, and only now has any objection been made.

"I wrote letters to twenty United States Senators; selected, answered them, and these all declared that when the Hay-Pauncefote treaty was ratified they certainly did not understand that we were to sacrifice our rights at the canal to the action of a few men. I believe that this whole fight was by transcontinental railroads, in order that water traffic might not suffer too strong an opposition. It is said that the toll rate is not excessive, but when it is realized that a half-shipload takes the same rate as a full ship the difference may be readily seen.

TAX ON COMMERCE.

"This is the first time in the history of the American nation that we have put a poll on domestic commerce. We have spent money for rivers and harbors and have come this afternoon to ask a surrender that affects the future more than tolls, and one that cannot be repaired. We cannot change now; other foreign powers would have ground for protest. I am afraid that the damage will never be repaired.

"I have always believed in the importance of waterways, and have worked for their protection in legislation. It was my privilege in 1910 to offer the amendment to protect water traffic by forbidding the raising of railroad rates lowered to compete with water shipping. This law stopped an old and dangerous practice.

"Now I guess I've about covered the principal ground. I am more than glad to be with you here tonight. I saved the people seven years, my record is before you and I ask your scrutiny. If I am fortunate enough to win this office, to my mind the highest in the United States with the exception of that of President, I will endeavor to do my full duty, serving the people of my state, and above all, my country."

SPEECH APPLAUDED.

Repeated applause greeted Knowland's speech. At its conclusion Mrs. C. A. Lewis, representing the Women's Auxiliary of the organization, stepped to the stage, to present the speaker of the evening with a magnificent bouquet.

"I have," she declared, "that when California sends you to the Senate

CYCLECAR 'TRIBUNE' PRIZE TO GO TO LUCKY HOLDER

THIS IS THE MERCURY CYCLECAR THAT A LUCKY TRIBUNE GUEST WILL WIN AS A GATE PRIZE ON JUNE 30 AT THE TRIBUNE DAY IDORA PARK CELEBRATION.

The age of the cyclecar is coming, according to automobile experts. Daily more and more of the minia-

has top, windshield, horns, lights—in fact, all the features of any big car. It is modeled after the lines of the big touring car painted in a remarkably neat appearance.

The machine is equipped with a twin cylinder, air cooled De Luxe engine, developing easily thirteen horsepower, although rated at eleven. Easy control by friction clutch and all modern conveniences are among its features.

The cyclecar was out on the streets yesterday, decked with TRIBUNE DAY banners, and drew crowds wherever it stopped. It will be shown day when the lucky winner will drive it home.

DENTISTS PLAN MONSTER OUTING

State and Southern Associations to Hold Joint Meet at Camp Curry.

The dentists of the state are arranging for a huge outing-convention to be held at Camp Curry, Yosemite National park, on June 23, 24 and 25. The delegates will be from the California State Dental Association and the Southern California Dental Association, and fully 400 are expected to attend the joint meeting, 500 of whom will go from northern California and 300 from southern California. It is expected that 125 delegates will go from this county.

The members and delegates, with their wives, will leave on an especially equipped train, which will leave San Francisco at 7:40 o'clock on the morning of June 23, and make a one-day trip, arriving at Camp Curry that evening at about 6 o'clock. The train will be fitted out in sumptuous style, and all reservations should be made through Dr. E. C. Evans, 210 Union Savings Bank building, Oakland.

An elaborate program has been prepared, consisting of clinics, the demonstration of scientific methods and modern, sight-seeing trips through the valley. Athletic games and a general good time will be enjoyed by the delegates.

"Boost for the Panama-Pacific International Dental Congress of 1935."

STRUCK BY STREET CAR.

F. A. Cook, 728 Fifty-eighth street, was struck by a street car at Sixteenth and Grove streets last night, rendering him unconscious. He was removed to the emergency hospital, where it was found that he had sustained a scalp wound and numerous bruises from which he will recover.

TO FIX VALUATION OF S. P. HOLDINGS

Railroad Commission Will Use Data as Basis for Ferry Rates.

That the State Railroad Commission intends to fix its own valuation on the holdings of the Southern Pacific Company in Alameda county as a basis of ferry rates was evidenced today when representatives of the commission obtained from the superior court permission to make tracings of certain maps and figures showing the valuations. The matter of acting upon the petition of the railroad company to raise its ferry rates to 15 cents a crossing at various points in Alameda county was postponed yesterday without a decision.

The railroad company contends that the greater part of the burden in maintaining the ferry traffic devolves upon the interurban system instead of the overland traffic, while the commission seeks to show that the upkeep should be more equally apportioned.

The matter of verifying the petitions for the formation of the Pleasanton water district came up before the board today, being continued from Monday. Testimony was taken and the petition referred to the district attorney for an opinion to be rendered next Monday at which time the board will probably take action. The Spring Valley Water Company is objecting to the formation of the district.

RIGHT IDEA OF UNIONISM.

"I can't refrain, however, from saying this. I believe you union men and women have the right idea of unionism, and so long as labor unions are as fair and honest as you are labor will succeed. The only danger in unionism is in the men who agitate for what union labor itself does not stand. When labor realizes that it can only succeed in what labor stands for, then will labor come into its own; the highest place in the land."

Joe Knowland, I presume, said that after the 4th or 5th of March we will be represented in the Senate by that upright and honest American citizen. Again, I congratulate this union on its honest, square, American way of doing things."

W. L. Masterson, secretary to Commissioner H. S. Anderson, represented him at the gathering, thanking the members of the union for their work in the auditorium campaign and praising their organization.

BUSINESS MAN SPEAKS.

Other speakers included T. J. Roberts, second international vice president; A. S. Levenson, businessman, present as a special guest of the president, with whom he worked in the auditorium campaign; Byron Develle, member of the union; recently chosen chief engineer at the city hall; Joseph Lloyd, business agent of the Building Trades Council and E. D. Rogers, who organized the first Oakland engineers' union.

Dancing and a musical program followed. The union has 198 members and the ladies' auxiliary a membership of 60. The musical program included a song by Miss Lucile Neves, accompanied by William B. Joseph, and songs by Miss Violet Stout and Miss Squires.

Sued for Divorce, He Kills Wife and Child

DENVER, Colo., June 13.—J. F. Freese, an insurance agent who had been barred from his wife's home by a court order, broke into the room where she was sleeping early today, shot and killed her, and then shot himself.

He was taken to a hospital, where, it is stated he can not recover.

Mrs. Freese had filed suit for divorce in which she charged her husband with cruelty.

SKIN TROUBLE LIKE RASH ON HANDS

Spread On Arms to Elbows and Face, Red and Raw, Cuticura Soap and Ointment Cured.

Maple Valley, Wash.—"A form of skin disease was so bad on my hands that the skin was all just as if it was eaten away. The irritation was especially bad at night and kept me scratching till the blood came. At last it spread on my arms up to the elbows, and it even started on my face. The skin trouble started as a rash. It was red and raw and sometimes it was covered with little yellow spots.

"I tried several salves and prescriptions but got no relief. I had this skin trouble for a number of years. After using the Cuticura Soap and Ointment freely for four weeks the cure was complete." (Signed) R. Dublisk, July 12, 1913.

ing, burning, scumous, or other torturing, disfiguring skin troubles? Are you, yourself, worn out with long, sleepless nights and constant anxiety in caring for them? Then you should know that a warm bath with Cuticura Soap and a gentle application of Cuticura Ointment will in most cases bring immediate relief. The little ointment, used three times a day, will rest and peace will fall on disordered households. Cuticura Soap and Ointment have proved successful in the most distressing cases of infantile children and adults when all else failed.

Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

JUDGE WASTE DEPARTS ON AUTOMOBILE TOUR

Superior Judge William H. Waste left today on a 1500-mile automobile tour through the northern part of the state, accompanied by his family.

Judge Waste expects to go as far north as Klamath Falls and Crater Lake on his vacation, which will last until August. It will end in Chico for a short time, where he will be joined by his wife for the remainder of the trip.

Returning the party will travel to Conditville and thence to Lake Tahoe and back to Oakland on the new state high.

INSISTS TRUST BILLS MUST BE DISPOSED OF

WASHINGTON, June 13.—Representative Underwood conferred with President Wilson today over the legislative situation in Congress and told the President there was a strong sentiment in the House for an early adjournment. Mr. Wilson insisted that the trust bills must be disposed of at this session and the majority leader thought not only that would be done, but that the administration conservation bills would be disposed of.

OAKLAND ADVERTISERS BID FOR CONVENTION

The San Francisco Advertising Association is making a strong fight to bring the 1935 convention of the Associated Advertising Clubs of America to San Francisco.

The convention is meeting in Toronto, Canada, this month and the following wire was sent William Woodhead, who is president from the Oakland Advertising Association today:

William Woodhead, President Associated Advertising Clubs of America, Toronto, Canada: The Oakland Advertising Association joins with San Francisco, the "Exhibition City" in inviting the members of the Associated Advertising Clubs of America to meet by the Golden Gate next year. Oakland will heartily co-operate with her sister city to make the 1935 convention worthy of the event to which all California invites the world.

EDWARD BROWN, Secy.

W. F. D. Brown, Secy.

BE MRS. BUNYARD

Missing Woman's Description Tallies With That of Strange Position Seeker.

SAN LEANDRO, June 13.—Mrs. John Bunyard, the young wife of Jack Bunyard, who disappeared from home at Selby five weeks ago, is the same woman who mystified the family of Dr. B. F. Mason of San Leandro by her strange actions in a night visit at their home on Monday of this week. It is the belief of Mrs. R. A. Stewart, 2105 Telegraph avenue, Berkeley, a close friend of the missing woman, Dr. Mason this morning furnished Mrs. Stewart and the police with a full description of the woman who came to his home Monday night seeking work in answer to an advertisement for a position.

According to Mrs. Mason, a stylishly dressed woman called at her home Monday night seeking a position as a servant. Her dress and manner, however, suggested that she was a gentleman.

"I am almost certain that it was Mrs. Bunyard," said Mrs. Stewart this morning. "and the fact that she was apparently out of her mind when she came to the Mason home would account for her keeping out of the way of her friends."

SOUGHT SERVANT POSITION.

According to Mrs. Mason, a stylishly dressed woman called at her home Monday night seeking a position as a servant. Her dress and manner, however, suggested that she was a gentleman.

OAKS LOSE IN CLOSE GAME, BUT FANS WARM TO THEM FOR SPIRIT

OAKLAND ORIGINALS PREPARE FOR BIG SEASON AT AMERICAN FOOTBALL

ANGELS FOULDED AGAIN AND THIRD PLACE; SEALS TO SECOND

FORMER FAVORITE BACK TONIGHT AFTER THREE YEARS' ABSENCE

Hoppe's Conqueror Starts Up Against Hyland Across the Bay Tonight.

(By THE TIMEKEEPER.)

"Fighting Dick" Hyland will make his first appearance in a San Francisco ring in three years when he meets Sally Salvador at Dreamland Rink tonight. His last bout here will be remembered by the fans as the time he beat Leath Cross by the knockout route in 41 rounds.

Hyland, who is now in the best of the "comers," and distinguished himself by beating Willie Hoppe, king of the four-rounders, last Friday night. Jimmy Hoppe will meet a new-comer by the name of Kid Lee in a special event. Jimmy is one of the best of his weight among the local boys, and Lee claims the New England championship in the feather-weight class.

Just how close Joe Azevedo is to the championship class of lightweights is a matter of opinion. Admitting that Joe hasn't a wonderful hitting power, and that he isn't a world beater on cleverness, the young Portuguese boxer has very good grounds to recommend himself.

Next he has a decision over Al Wolgast, and although the latter claims to have been out of condition for the best three or four months, around this part of the country who can testify that the Michigan wildcat trained as hard for Joe as he did for others.

George Chis is due to arrive from Los Angeles today. Chis will probably train at Shannon's. With him are: Jimmy Dyer, his manager; Joe Chis, his brother; and Tom McMahon, a heavyweight.

Many Los Angeles fans have expressed their intention to trip to the limit when he meets Billy Murray here on July Fourth. The southerners were pleased with Chis's work against Salter, and indications point that Chis will probably be as good as an evaluation bet against the Petaluma boy.

The Gunboat Smith-Georges Carpenter match has been postponed until July 16th. As the bout is to take place in London, the date was planned so it would not interfere with the Ritchie-White match.

Rumors in the East indicate that the "English-Swedish" which is promoting the Ritchie-White match is in reality nothing more than Harry Pollock, George Considine and Roy Vernon, who have so turned themselves.

Jimmy Bohan has signed Frankie Brown and Eddie Moran for 15 rounds each before the Wheelmen Club on July 15.

OAKLAND "ORIGINALS" PICKED FOR TITLE FAVORITES

Supporters of American Game Think U. C. Will Desert Rugby.

The Originals American football team which cleaned up every team in Central California last year, is forecasted as the strongest contenders for championship honors this season.

Manager Thomas states that their lineup will be practically the same as last year, although he has invited any local player who wish to go, to tryout for a position on the team. The Oakland aggregation has already started light training, as they anticipate a busy season with the coming series of games between the Brooklyn, Crystals and Yosemite of San Francisco, Napa, Vallejo, and teams from the local Army and Navy stations in view. A trophy cup will be put up by the American Football Association.

The utmost confidence is expressed by followers of the team that the University of California will desert the game of rugby in 1915 and will return to the American style of football. Their intercollegiate game in 1915 will probably be played with the State of Washington College team.

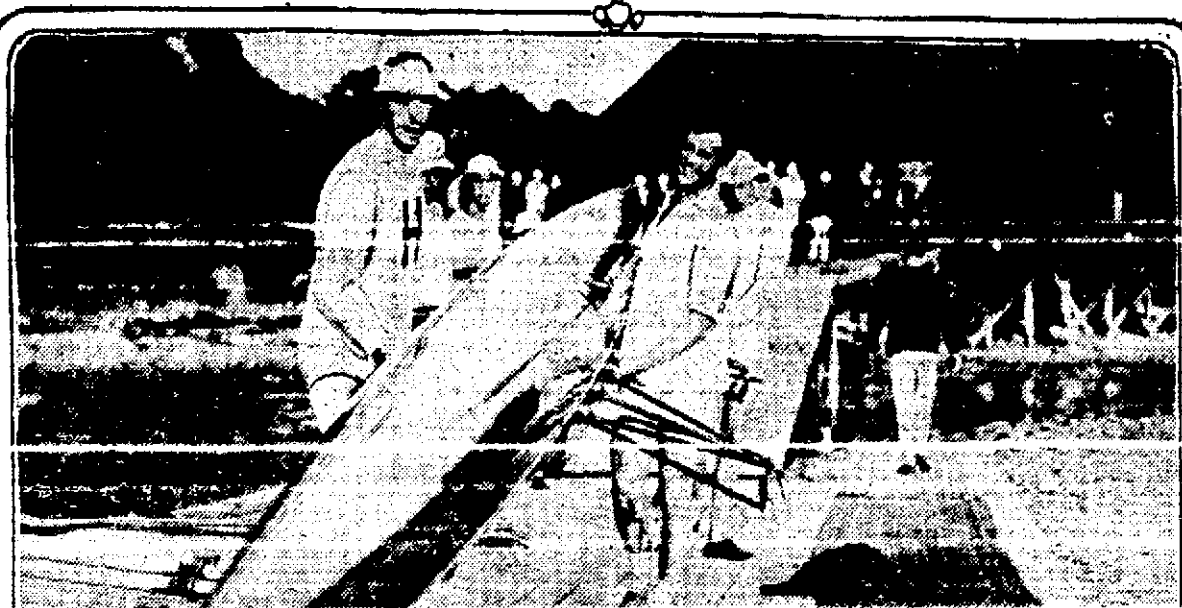

The Athletic committee of the Pan-Pacific Exposition is endeavoring to get the Annapolis and West Point football teams to play in San Francisco during the fair.

JOHNSON IS 10-6 OVER MORAN

PARIS, June 19.—Suspicious that Frank Moran, the Pittsburgh fighter, really may have a chance to win the heavy championship of the world, a French champion of the world to June 27 began to bring out a little money on the white man's chances. Betting is yet so light, but some money at 10 to 6 has been put up in the American colony and French enthusiasts in the boxing game, too, are beginning sporadically to bet against the black.

Continued statements issued from the Johnson camp claiming that the negro will be in the next contest and that the Americans who want to dance around the ring will be disappointed, have created a feeling that possibly he will not be responding to training as well as might be desired.

Sturdy Oarsmen Who Figured in the Annual Harvard-Yale Regatta Today

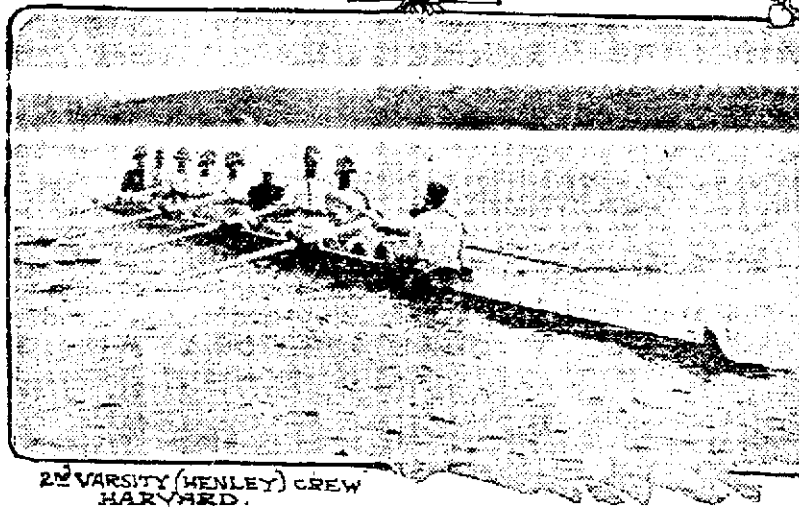

HARVARD VARSITY.

HARVARD CAPTURES TWO FIRST EVENTS IN REGATTA

NEW LONDON, Conn., June 19.—A gray sky and a morning haze promised ideal racing conditions for the annual Harvard-Yale regatta here today. River men predicted "flat water and a shaded sun" for the three races on the program. This suited both the oarsmen and the regatta spectators, who arrived by hundreds from every point of the compass by every form of transportation. Excursion steamers, private yachts and hundreds of boats added their quota to the throng, which numbered about 4,000 when the long strings of canvas-covered gondolas, constituting the observation train, began to pull out in the direction of the river.

Harvard won the freshman eight race, defeating Yale by four lengths. The official time was: Harvard, 12 minutes, 2 seconds; Yale, 15 minutes, 4 seconds.

Harvard defeated Yale in the second varsity eight race today by seven lengths. The contest was over a two-mile course from Bartlett's point to the end of the river. The race was won by 11 minutes and 2 seconds. Yale's race is late this afternoon.

2ND VARSITY (WENLEY) CREW HARVARD.

Diamond Flashes

Vic Salter, the Cubs' first baseman, is a big favorite with the home fans in Chicago. Vic is a "silent" player, with little to say, but one of the hardest working players in the game.

Jim Delehanty, now with the Buffalo Bisons, is enthusiastic over the success of the Federal league. Jim believes it is only a question of time before many ranks.

Harry Lord, who recently "blew the White Sox," is figuring on buying an interest in the Portland club of the New England league. It was while playing with Worcester in the same league that Harry first attracted the attention of his league scouts.

Philadelphia fans are rejoicing over the news of the early return to the game of Jack Combs. In the world's series of last between the Athletics and the Giants Combs' ruptured himself and has been on the hospital list ever since.

Alfred H. (Fritz) Von Kolnitz, utility outfielder of the Cincinnati Reds, has been sworn in as a member of the Ohio State bar by Chief Justice Gary.

It is said that Pat Ragon of the Brooklyn Superbas holds the championship among ballplayers in the matter of consuming eating tobacco.

While pitching in the Virginia league last season Doc Ayres was in now in Washington, pitched six double-headers and won all twelve games.

Manager George Stallings of the Boston Braves has decided to try out some talent from near his home town. He will send a scout to look up a player from Millis, Mass.

Terroz and Clark of the Cincinnati Reds are quarreling with the umpire during yesterday's game with Brooklyn.

President Ebbets of the Brooklyn team stated that the suspension of Jake Daubert, first of the Brooklyn team, would be lifted today.

The Tigers and Angels turned the ball game into a knock-down and drag-out yesterday. The Tigers won 10 to 4. The Tigers won 10 to 4. The Tigers won 10 to 4.

The outlook for a game today on Exing field is poor, but if the weather clears at all, an effort will be made to stage the game. The game is postponed by inclement conditions. Prullet and Fanning figure as opposing workmen.

Sailor Ralph Stroud is certainly earning a reputation for himself. He is the best pitcher in the league right now. In the last three games, the Sacramento twirler has left his opponents down with seven hits and one earned run. He scored six shut-outs yesterday.

It was "Ladies and Children's day" at the Oakland ball park, both being admitted free. In consequence the largest week-day crowd of the season was on hand and enjoyed itself thoroughly, even if the Oaks did lose.

The Oaks had instructions yesterday at the opening of the game to "wait Baum out" that is to take the first two strikes. In the second inning, Christian told his men to hit the first one.

Jack Nees is astonishing everyone by the way he is covering the territory around second base. He forgot himself once yesterday in the fourth inning and covered first instead of second when for a double play or force, however, was spoiled when Art Guest bobbled a difficult bouncer.

It never pays to quarrel with the umpire, and this ought to be learned by the players of every ball player. If a club wants to start anything with the arbiters they had better let someone do it whose presence on the field is not at all needed. Tyler Christian was chased to the bench as Al Cook put out of the game by umpire McCarthy yesterday. Guest replaced Cook at short, and his unfamiliarity with the position hurt about cost the Oaks the contest.

From the Angeles. Yesterday's victory made six straight for Roy Hitt. Hitt held the Angels to four hits, one each by Macarr, Kille, Macarr and O'Connell.

The General Arthur is mild but full flavored and thoroughly satisfying. This blend of the finest Havana and mildest Domestic tobaccos gives you the rich taste of Havana with the mildness of the Domestic tobacco.

Bertilion Crowns—Worth Wearing \$2.50 and \$3.50.

Bertilion Crowns—Worth Wearing \$2.50 and \$3.50.

Bertilion Crowns—Worth Wearing \$2.50 and \$3.50.

YALE VARSITY.

Well, the Seals beat the Oaks! But then accidents will happen, as witness the fact that the St. Louis Browns walloped the World's Champions yesterday and went into third place. Guess they won't elect Branch Rickey mayor of the old Brewery Berg back there in St. Louis, No?

Concerning that game yesterday. It would have been a happy event had Tyler Christian been able to register a victory in the first game played by the Oaks under his management on the home lot, but the fates and the umpires decreed otherwise. Still we venture to remark that the crowd was satisfied none the less at the article of ball put up by the Oaks. They certainly played baseball yesterday and showed more willingness, in fact eagerness, than the club has displayed in two years. Local fans may feel satisfied now that Oakland has a real ball club, and that the players will be found fighting out every play in every game hereafter.

Tyler Christian has worked a complete metamorphosis amongst the Oaks. He has the team working with him. Every man on the club is on the alert now to detect any weakness in the opposing team or to suggest some opportunity at the bat or on the bases for himself or his mates.

The Oaks constituted the best ball team on the field yesterday, even if they didn't win. They had all the proper and aggressiveness, but they didn't get the breaks.

Concerning that squeeze play which the Oaks tried to nut over in the ninth with Gardner at bat and Nees at third, and one down. This play always looks like the wrong thing to have tried when it doesn't go through and always like the greatest play in the world when it succeeds. In this case, the Seals were expecting it and the Oaks made no pretense to double-cross their opponents. Some fans blamed Nees for not starting in as soon as Baum started his wind-up, but Jack had instruction to wait until and the ball was actually hit. This was because Baum was expecting Nees to start in and was prepared to waste the ball the moment such a thing was attempted. Gardner being a left-handed batter, he could not cross the plate and furnish any protection to the incoming runner. As it turned out, the Oaks were actually hard and O'Leary racing in quickly picked the ball up and tossed with care to Sepulveda just in time to nip the sliding Nees.

Understand Tyler Christian is going to take a walk and a field day with Murphy. He's a mighty valuable man on in paths and with the willow. Rumor says that McCredie made Christian a proposition for Murphy.

JOE AZEVEDO HAS GOOD CHANCE IN 20 ROUNDS AGAINST WHITE

Chicago Lightweight Has Always Proven Himself Weak in Longer Bouts.

Just how close Joe Azevedo is to the championship class of lightweights is a matter of opinion. Admitting that Joe hasn't a wonderful hitting power, and that he isn't a world beater on cleverness, the young Portuguese boxer has very good grounds to recommend himself.

Next he has a decision over Al Wolgast, and although the latter claims to have been out of condition for the best three or four months, around this part of the country who can testify that the Michigan wildcat trained as hard for Joe as he did for others.

Long Kid Gloves at \$2.65 a Pair

Here is an attractive offering of Long Kid Gloves, for they were considered excellent value at their regular price, \$3.50. They are full 16-button length and of fine quality kid. All sizes in black and white, but the quantity is limited, so we advise your coming early.

Women's P. K. Kid Gloves
Special at 98c a Pair

These pique-sewn Kid Gloves are a special value at the price. Extremely well made, serviceable and stylish. They come in white and tan with the new popular heavy embroidery on the backs.

Women's Overseam Kid Gloves
Special at 95c a Pair

A stylish, well-made Glove, perfect in fit and finish. They have two clasps at the wrist and heavy embroidery on the backs. Come in white, tan and gray.

Long White Silk Gloves
Special at 65c a Pair

600 pairs of long white silk gloves of the \$1.00 quality, from one of America's largest producers of high-grade silk gloves who found them a trifle below his standard. With hardly an excuse for doing so he called them "seconds." The price is all that the lowered classification affected because the wearing quality and the looks of the gloves were in no wise impaired.

LASS COMES HERE TO WED JAPANESE

Law Prevents Denver Girl From Becoming Bride of Iskhos Harado.

SAN FRANCISCO, June 19.—A 19-year-old Puth Jones of Denver came all the way from her home town to find upon her arrival last night that the law forbids a union between a Caucasian and an Asiatic. The girl is held at the Juvenile Detention Home pending word from Denver.

Ms. Harado, a Japanese, had been a woo-begone girl at the Ferry, where in one hand a heavy suitcase in the other a photograph. This photograph was a likeness of Harado and she

was comparing it with the features of passers-by.

She said she was the daughter of Mrs. Pose Jones of 1311 Twentieth street, Denver. Both she and Harado worked in a factory about a year ago she said, and fell in love. Harado came here ten days ago and last Tuesday wired his fiancée enough money to join him. Mrs. Jones said the girl, consented to her daughter's wedding.

While the police were questioning the girl Harado burst into the police station. The situation was explained to him and he left after arranging to see the girl again.

NURSEYRMAN CLOSE ANNUAL CONVENTION

The election of John Vallance of this city as president of the Pacific Coast Association of Nurseymen brought to a close today the annual convention of that organization, held this week in Vancouver, B. C. The

One of the next meeting places was left to the executive committee, all of whom are California men and it is likely that San Francisco will be the meeting place chosen. One of the features of the closing session was an address delivered by Dr. P. H. Ellison, director of agriculture. His plea was for the supplying of the London market with fruits from the Pacific Coast, and he stated he saw no reason why these shipments should not be made.

KILL DOG AND PRY HIS JAWS TO RELEASE MAN

LAWRENCEBURG, Ind., June 19.—Henry J. Harper aged 44 Superintendent of the Street Cleaning Department, was attacked by a large bulldog in Centre street and the flesh of his arms and legs was lacerated. Lease M. Squires knocked the dog unconscious. The animal's jaws were pried open and Harper released. Harper had the Wamsley madstone applied. The dog was killed on the spot and its head was sent to the State Board of Health in Indianapolis for examination. The dog was suffering from hydrophobia it is believed.

DOWN the peninsula they are discussing the tragedy of the last dance at the Burlingame Club. Assuredly it was a tragedy to lose two front teeth and almost a third and thus girl who lost them and who is to be one of the 1914 brides, is quite inconsolable, though the dentist is busily modeling and matching new ones to fill the spaces.

This is the detail that most interests society: Will the man she was dancing with be permitted to pay for the teeth, or what would be the etiquette under the circumstances?

But to begin at the beginning. The girl is a belle of the San Mateo set who is being very much "rushed" in the time before her wedding. At a country club dance the other night she had the time of her life until the fatal one-step that ended in tragedy.

One of the ladies of the set had asked her to dance and they one-stepped gaily around the room several times. Then suddenly, the man hasn't an idea how it happened, he slipped, and in trying to recover his balance, slipped further and they both crashed to the floor, since he hadn't let go in his panic. As she fell the girl struck a table and two white, properly pearly teeth rattled on the hardwood floor. A third was uncertain, but remained in her mouth.

It was really a bad moment. The man was awfully upset—that is, mentally, as well as personally. And the girl was rather badly shocked. It broke up the party.

Of course the man wants to do anything he can in reparation, but what can he do? The girl is very "sweet" about it, and understands that accidents do happen, and so on, and doesn't consider for a minute, any reparation. But mercenary minds are wondering if the man should pay the dentist's bill.

SISTERS FETED

Miss Walter Hechtman was hostess at a party given at her home last night in honor of the birthday of Miss Lillian Hechtman. Among those present were Miss Olive Hechtman, Miss Lillian Hechtman, Miss Jean Wheeler, Miss Frances Jewell, Miss James De Fremery, Miss William Hough, Miss Edgar Whitlock of Berkeley, Miss Harold Case, Miss Lois and Miss Rita Brown, formerly of Berkeley, and Miss Winona Smith, Miss Lesley and Miss Lucille Jones of Sacramento.

Several of the guests were former classmates of the hostess and guests of honor at Miss Hechtman's school.

IN HONOR OF MISS ORR

Miss Florence Orr, the fiancée of Virgil Jorgensen was guest of honor at a bridge luncheon given this afternoon by Mrs. Farmer Fuller at her home in San Francisco. Several Oakland guests crossed the bay. Among those present were Miss Carmen Ghirardelli, Miss Roberta Tassett, Miss Marie F. Immons, Miss Virginia Burns, Miss Edith Tracey, Miss Betty Pinetown, Miss Mel Roeden, Miss Florence Wedding, Miss Frances Edmondson and Miss Edith Edmondson of Pasadena, Mrs. Alfred Durney, Mrs. George French, Mrs. Thomas Blanchard and Mrs. Jacques de la Montagne.

Tomorrow afternoon Miss Orr will be guest of honor at a large reception given to Miss Margaret Durney, a former classmate at Stanford, at her home in Alameda.

INTERESTING WEDDING

An interesting wedding of the season will be that of Miss Nathalie Cole daughter of Mr. and Mrs. Nathaniel P. Cole of Berkeley, who has just graduated from Yale University. Miss Cole arrived here yesterday and will be married this afternoon at 4 o'clock at the home of her parents. The wedding will be an event of the summer and will be definitely arranged.

MRS. ROSENFELD ENTERTAINS

Mrs. John Rosenfeld, who is constantly entertaining her Oakland and San Francisco friends at her charming apartment at 1100 Broadway, San Francisco, was hostess at one of a series of bridge luncheons given at her home last night.

FRECKLES

Don't Hide Them With a Veil: Remove Them With The Othine

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the freckles on your nose should show. A wonderful improvement, some of the lighter freckles vanishing entirely.

double strength Othine. It is this that is sold on the money-back guarantee.

BASEBALL IN 68 YEARS

Game Grew From Society Match

THEN and NOW

Sixty eight years ago today the first match game of baseball on record was played. The game was between the Knickerbocker and New York baseball clubs in the Flatbush Fields at Hoboken N. J. The players were members of the leading New York families, and engaged in the sport as a pastime. A boy of town belles in the group of spectators made the occasion seem like a social function. The field was marked off into the baseball diamond so familiar to day. None of the players wore gloves, masks, or protectors. It was the custom for the batter to bat when he wanted the ball thrown. The pitcher, or giver as he was then called delivered it with an underhand toss, according to the rules of the game it was thought that the pitcher had an unfair advantage over the batter when he threw the ball overhand, hence the rule. The catcher crouched at a safe distance behind the batter ready to catch the ball on the bound. The rules of the game were simple. The third strike on the first bound the batter was out, otherwise he must throw to first base to put him out. Likewise the fielders, or "scouts" were permitted to catch him on the first bound. Three outs retired the side. The team that first scored 21 runs or "aces" regardless of the number of innings played was accounted the winner. After the game the players resorted to one of the famous taverns of the day, where the victors had a dinner at the expense of the vanquished.

Today baseball holds the nation in its grip. Presidents, statesmen, millionaires, and bankers forsake their desks to attend the games. Over 30,000,000 fans pay more than \$10,000,000 every season to watch the 9000 professional ball players making up the more than 30 major and minor leagues in the United States. These athletes combined earned salaries amounting to more than \$3,000,000 a season. Some star players are said to receive more than \$15,000 for six months work. The outcome of games is awaited throughout the country with deeper interest than many of the grave problems that confront the government. There is hardly a school, a university or a social club in the country that is not represented at least once on the baseball diamond during the year. There are many baseball nines made up of girls and women who can play nearly as well as their brother-players. In the shade of Japan's famous cherry trees, native university students are lining "em out." Coincidentally with the adoption of the principles of a republic, the Chinese have adopted the American game of baseball. And now come the news that the French Athletic Association, has decided to adopt baseball as a national sport. In fact, the sun never sets on baseball's kingdom.

Unbelievable Bargains at Friedman's

These clearance prices are so ridiculously low that one's first question naturally is, "Why the prices so cheap?"

The answer: It's the Friedman way to make room for new goods. Come and see. You will wonder at the sacrifices. Note these reductions:

The Sunkist Orange
With the Different Flavor

Ask for "Sunkist Valencias"

The Valencia Sunkist is the California Summer Orange—a sweet, juicy, luscious fruit, ripened on the tree.

Easy to peel, and practically seedless.

Some are dark in exterior appearance, some lighter in color. But all are as delicious inside and sparkling with healthful juice.

Oranges are picked in California every day in the year, and the Late Valencia is one of the very finest ever grown.

Glove-packed, tissue-wrapped, shipped right from the tree—you get it first with the real true-ripened flavor.

Don't buy merely "oranges." Buy the Sunkist Valencia. See what you are missing in not getting this brand.

Try These Lemons, Too

Use Sunkist Lemons to serve with fish and meats. Use the juice wherever you now use vinegar. These are the best looking and the best lemons sold. Juicy, fully flavored and practically seedless. There's a vast difference in different brands of lemons. Try "Sunkist" and see.

Beautiful Rogers Silver in Exchange for Wrappers

Go buy a dozen each of Sunkist oranges and Lemons and save the wrappers bearing the Sunkist trademark. Then send in the coupon below and find out how to exchange the wrappers for beautiful Rogers Silverware for your table.

California Fruit Growers Exchange
139 N. Clark Street, CHICAGO

Mail in this coupon and we will send you a complimentary 50-page recipe book, showing over 100 ways of using Sunkist Oranges and Lemons. You will also receive our illustrated poem book which tells you how to trade Sunkist wrappers for beautiful table silverware.

ASQUITH YIELDS TO SUFFRAGETTE DEMAND

LONDON, June 19.—Premier Asquith has capitulated to the suffragettes. He has consented to receive a deputation of East End working women in Downing street Saturday morning.

Miss Sylvia Pankhurst's attempt to carry out her threat of a hunger strike at the entrance to the House of Commons until the Premier yielded to the demand that he listen to a delegation of women was largely responsible for the Prime Minister's decision.

The efforts of James Kier Hardie, the Socialist-independent member of Parlia-

ber, helped the militant suffragette leader to bring the Premier to his knees.

REGULARS IN CONTROL OF WOODMEN CONCLAVE

TOLEDO, O., June 18.—With regular administration forces in control, head carp, sessions of the Modern Woodmen of America were resumed today.

Effecting to the voter license laws desirable amendments.

After two and one-half days' battling over credentials of regular and insurgent delegates the triennial convention business sessions of the Modern Woodmen of America have not yet begun. Of the thirty-five delegates from Iowa, the seats of nineteen were uncontested.

The credentials committee today re-

LEAVES INDIAN POST UNDER FIRE

Superintendent of the Round Valley Reservation Accused of Misconduct.

Charged by the Indian Board of Co-operation with misconduct in office, Thomas B. Wilson, superintendent of the Round Valley Indian Reservation, is preparing to leave his post on July 1, and his secretary Omar Bates, has already left the reservation to engage in farming. As the result of an inquiry made by Special Agent Asbury of the Indian Service, the Round Valley school has been temporarily closed.

The accusations against Wilson are that he permitted cruel beating and ill treatment of children; served degrading meat to the Indian children;

leased lands to personal favorites without asking for bids, allowed the ranges and cattle of the Indians to deteriorate.

"Conditions in the Round Valley Reservation have been worse than those secured in any other reservation," declared Rev. F. G. Corlett, field secretary of the board making the accusations against Wilson and Bates.

The result is that the two men will be seen no more at the reservation.

act on Asbury's report. I do not know whether there will be any prosecution.

The coming in of the 11th Congressional district there will be a public meeting in the interests of the Indians. Among the speakers will be Edward H. Hatt, State Superintendent of Instruction, Dr. George Kerrington and Rev. F. G. Corlett.

TO DISCUSS DISCLOSURES.

The Indian Board of Co-operation is now in session at the Y. M. C. A. in this city, and the meeting tonight will be under the auspices of this board.

The recent uprising in Round Valley and its disclosures will also be discussed in its report of the year the special committee appointed by the executive committee on work of field secretaries, shows accomplishment to have fallen under three heads: school privileges secured, improved conditions for future work and publicity.

The main endeavor of the board now are being concentrated on the procuring of available means for the establishment of a fixed income with which to carry on the work of the board.

The board is also working for the education of the children of the reservation, and that the children shall receive an education provided by the public schools of the nation.

DEATH ACCIDENTAL, CORONER BELIEVES

Medicine Was Fatal to Helen Mesow, Is Opinion Rendered.

The funeral of Miss Helen Mesow, the blind singer whose mysterious death Tuesday night was investigated for several days by the police and coroner's office, will be held privately tomorrow afternoon from the E. James Finney undertaking parlors.

The Rev. George G. Midgley of St. John's Presbyterian Church of Berkeley will officiate at the ceremony in the chapel which is to be attended by the Mesow family.

Investigation of the death of Miss Mesow has been dropped by the police, as the authorities are convinced that the death of the young woman was accidental. The inquest will be held next Wednesday at the local morgue.

Coroner C. L. Tisdale said today that it was his opinion that the cause of the girl's death was a diseased heart.

According to Attorney J. Rollin Finch, the official death of Helen Mesow, the blind singer, will have no effect in putting an end to the extramarital life that has existed for years between Frank H. Mesow, her father, and Mrs. Emma Mesow, her mother.

It was several years ago while the family was still residing in Berkeley that a disagreement arose which led to separation although neither had ever sought a divorce. Since that time they have lived apart, although Mrs. Mesow has resided in the city.

The family differences were one of several reasons that were brought forward by the police and coroner's office that the girl had killed herself while dying over the trouble between her father and mother.

I feel certain, declared Attorney Finch, that the death of Miss Mesow will not have the effect of reconciling her father and mother, and that we could all have hoped for but we fear can never be achieved.

Consuls-General Are Named by President

WASHINGTON, June 19.—President Wilson today made these nominations of consuls-general:

Robert P. Skinner of Massillon, O., transferred from Berlin to London.

Julius G. Lay of Washington, D. C., transferred from Rio de Janeiro to Berlin.

Alfred L. M. Gottschalk of New York City transferred from consul general at-large to Rio de Janeiro.

President Wilson also nominated Albert T. Price of New York as consul general of public monies at Independence, Cal.

By a vote of 23 to 15 the nomination of E. P. Moore for marshal of the North District of Iowa was confirmed in the Senate today. Iowa senators opposed it.

Frank Deedmeier of Birmingham, Ala., consul at Prague, was transferred to Chemnitz.

Three Men to Pilot Airship Over Ocean

NEW YORK, June 19.—The airship now building for Rodman Wanamaker, in which an attempt will be made to cross the Atlantic Ocean will carry three pilots according to announcement today.

Lieutenant John C. Porte of the British navy, who has been selected by Wanamaker, will have Aviator Hallett in the flying boat with him from Newfoundland to the Azores, where the first stop will be made. At the Azores it is planned to pick up John Lansing Callan.

The distance from St. John's N. F. to the Azores is 1199 miles and Lieutenant Porte believes he can do it in twenty hours.

The consumption of gasoline to the Azores will be ten tons, to St. John's an even less. Van's weight will make no difference.

Huerta's Relative Hurt By Auto; May Not Live

LOS ANGELES, June 19.—Marshall Huerta, a relative of Victoriano Huerta, Provisional President of Mexico, a wealthy rancher and cattle raiser of the Mexican state of Guanajuato, was near death today in a Los Angeles hospital as the result of injuries suffered here last night when he was run down at a street intersection in an automobile.

Quintana's skull was fractured as it was feared that he has suffered internal injuries. He was taken to the hospital by a private ambulance.

He came to Los Angeles recently to escort back to his Mexican home his two daughters, who have been attending school in Pasadena.

Strikers Will Stand Firm for Demand

PITTSBURGH, June 19.—Thousands of Westinghouse strikers assembled at the Turtle Creek playgrounds today and signed a monster petition setting forth that the signers are members of the union and they stand for the demands made on the company two weeks ago.

Picketing continued during the night, but there was no disturbance of disorder until the union switch and signal force went to work this morning. One arrest was made near the works. Bridget Kenny, secretary of the union commanded the pickets last night.

TEXAS OFFICER SEEKS AID TO LOCATE SON

SAN FRANCISCO, June 19.—Ford Johnson, the son of F. W. Johnson, a deputy sheriff of Grand Texas who left there in 1910 to hunt missing for two years, being last heard of in Oakland in the summer of 1912 is being sought here, the police having received a special request from Johnson.

Mr. Johnson is well known here, to try and find his son. The young man is described as 23 years old, 140 pounds, 5 feet 6 1/2 inches, brown hair, brown eyes, and a reward of \$500 is offered for information as to his whereabouts.

Headache and Nervousness Cured.

All the praise I can give comes from Mrs. Richard O. Spencer, N. Y. City. She has cured me of headache and nervousness, and restored me to the normal health. For sale by Osgood Bros. Drug Store.
